PASSAVANT AREA HOSPITAL,)	
Respondent.)	

HEARING OFFICER ORDER

On August 17, 2004, the parties participated in a telephone status conference with the hearing officer. Respondent received a construction permit from the Illinois Environmental Protection Agency to modify the incinerator. Respondent's engineers are performing a cost-benefit analysis to determine whether this project is cost effective. Currently, the incinerator is not operating, and waste is being disposed off site. Respondent just sent financial information to complainant regarding costs for upgrading and remediation. Once complainant has an opportunity to review the figures, the parties will resume settlement negotiations.

The parties are directed to participate in a telephone status conference with the hearing officer at 9:30 a.m. on November 16, 2004. The status conference shall be initiated by the People. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter.

IT IS SO ORDERED.

Carol Sudman

Hearing Officer

Illinois Pollution Control Board 1021 North Grand Avenue East
