ORDER OF THE BOARD (by J.P. Novak):

On August 30, 2004, the Illinois Environmental Protection Agency (Agency) recommended that the Board certify certain facilities of Lincoln Land FS, Inc. (Lincoln Land FS) as “pollution control facilities” for preferential tax treatment under the Property Tax Code (35 ILCS 200/11-5 *et seq.* (2002)). The facilities are agrichemical containment structures at Lincoln Land FS’s agrichemicals and pesticides mixing, loading, and storage facility in Winchester, Scott County.<sup>1</sup> The Agency filed the recommendation under Part 125 of the Board’s procedural rules (35 Ill. Adm. Code 125). In this order, the Board describes the legal framework for tax certifications, discusses the Agency’s recommendation, and certifies that Lincoln Land FS’s facilities are pollution control facilities.

**LEGAL FRAMEWORK**

Under the Property Tax Code, “[i]t is the policy of this State that pollution control facilities should be valued, at 33⅓% of the fair cash value of their economic productivity to their owners.” 35 ILCS 200/11-5 (2002); *see also* 35 Ill. Adm. Code 125.200(a)(2). “For tax purposes, pollution control facilities shall be certified as such by the Pollution Control Board and shall be assessed by the Department [of Revenue].” 35 ILCS 200/11-20 (2002); *see also* 35 Ill. Adm. Code 125.200(a).

Under Section 125.202 of the Board’s procedural rules, a person may submit an application for tax certification to the Agency. 35 Ill. Adm. Code 125.202. If the Agency receives a tax certification application, the Agency must file with the Board a recommendation on the application, unless the applicant withdraws the application. 35 Ill. Adm. Code 125.204(a).

---

<sup>1</sup> The Board assumes that the reference to “Morgan County” in the Agency recommendation is a clerical error.

Among other things, the Agency's filing must recommend that the Board issue or deny tax certification. 35 Ill. Adm. Code 125.204(a)(4). If the Board finds "that the claimed facility or relevant portion thereof is a pollution control facility . . . , the Pollution Control Board . . . shall enter a finding and issue a certificate to that effect." 35 ILCS 200/11-25 (2002); *see also* 35 Ill. Adm. Code 125.216(a).

### **AGENCY RECOMMENDATION**

The Agency states that it received a tax certification application from Lincoln Land FS for agrichemical containment structures at Lincoln Land FS's agrichemicals and pesticides mixing, loading, and storage facility on November 27, 2002. Agency Recommendation (Agency Rec.) at 1. On August 30, 2004, the Agency filed a recommendation on the application with the Board. The Agency's recommendation identifies the facilities at issue:

Agrichemical containment structures consisting of one liquid agrichemical operational area containment structure; two bulk liquid agrichemical secondary containment structures; the portion of the building over one liquid agrichemical operational area containment structure, two bulk liquid agrichemical secondary containment structures, associated collection and recovery systems; one dry fertilizer blending containment structure; and one dry fertilizer blending aisleway operational containment structure as approved under the Agency-endorsed Agrichemical Facility Permit No. 91030331 (Log No. 01106787 and 01036495). Agency Rec. at 1.

The Agency's recommendation also identifies the location of the facilities: Section 29, Tract 14 North, Range 12 West of the Third Principal Meridian in Scott County. *Id.* at 1.

The Agency recommends that the Board certify that the identified facilities are pollution control facilities as defined in Section 11-10 of the Property Tax Code (35 ILCS 200/11-10 (2002)) because the primary purpose of the facilities is eliminating, preventing, or reducing water pollution. Agency Rec. at 2.

### **TAX CERTIFICATE**

The Board finds and certifies that Lincoln Land FS's facilities identified in this order are pollution control facilities under the Property Tax Code (35 ILCS 200/11-10 (2002)). Under Section 11-25 of the Property Tax Code, the effective date of this certificate is "the date of application for the certificate or the date of the construction of the facility, which ever is later." 35 ILCS 200/11-25 (2002); *see also* 35 Ill. Adm. Code 125.216(a). Section 125.216(d) of the Board's procedural rules states that the Clerk "will provide the applicant and the Agency with a copy of the Board's order setting forth *the Board's findings and certificate, if any.*" 35 Ill. Adm. Code 125.216(d) (quoting in italics 35 ILCS 200/11-30 (2002)). The Clerk therefore will provide Lincoln Land FS and the Agency with a copy of this order.

IT IS SO ORDERED.

Section 41(a) of the Environmental Protection Act provides that final Board orders may be appealed directly to the Illinois Appellate Court within 35 days after the Board serves the order. 415 ILCS 5/41(a) (2002); *see also* 35 Ill. Adm. Code 101.300(d)(2), 101.906, 102.706. Illinois Supreme Court Rule 335 establishes filing requirements that apply when the Illinois Appellate Court, by statute, directly reviews administrative orders. 172 Ill. 2d R. 335. The Board's procedural rules provide that motions for the Board to reconsider or modify its final orders may be filed with the Board within 35 days after the order is received. 35 Ill. Adm. Code 101.520; *see also* 35 Ill. Adm. Code 101.902, 102.700, 102.702.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on September 2, 2004, by a vote of 5-0.

A handwritten signature in cursive script that reads "Dorothy M. Gunn".

Dorothy M. Gunn, Clerk
