Re: Administrative Citation
Respondent: Elvis Ford

Dear Ms. Gunn:

I am responding to a request to verify the date of service of the Administrative Citation on Elvis Ford. The post office failed to notice the date of service on the "green" card. However, the citation was mailed on December 18, 1996. We forwarded the card to you on February 18, 1997. More than 30 days have passed since the transmittal of the signed return receipt card. Therefore, although the date of actual service cannot be shown on the card, more than 30 days have passed since the return of the return receipt.

I would ask that the thirty days be shown to have run under these circumstances.

Thank you.

Sincerely,

William T. Donahue
