HEARING OFFICER ORDER

On January 6, 2005, all parties participated in a telephonic status conference with the hearing officer. The respondent represented that some construction progress has been achieved but that certain revisions are required with the septic plans it submitted to the county on November 15, 2004. Once approved, the Village of Grayslake (Village) will be in a position to issue a building permit. The respondent also represented that the permit application, however, requires revisions as well before the Village issues the permit. The parties also represented that they intend to have another settlement prior to the next status conference addressing the concerns of the petitioners regarding the settlement agreement.

The parties are directed to participate in a telephonic status conference with the hearing officer on March 10, 2005, at 10:30 a.m. The status conference must be initiated by the complainants, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.

A handwritten signature in black ink that reads "Bradley P. Halloran". The signature is written in a cursive style and is positioned above a solid horizontal line.
