I Donald Lee Eichen HAVE A job AT A Rock Quarry which
Require myself to be on the job 6 days a week to remove
dirt for extended quarry site. I WAS NOT EVEN ABLE TO A VACATION
THIS PAST YEAR. NOW ITS WINTER AND I HAVE TAKEN TIME OFF
TO COMPLY BUT THE WEATHER IS NOT HELPING MUCH.

I HAVE A ZONING COURT ORDER TO FINISH THE MODULAR
BUILDING MOVED ONTO THIS PROPERTY FOR SHOP AND STORAGE AREA.

I WILL BE ABLE TO TAKE 2 WEEKS A MONTH OFF NOW TO FINISH
BUILDINGS AND CLEANUP. I ALSO HAVE A 4 YD DUMPSTER ON SITE
DUMPED EVERY WEEK FOR CLEANUP.

I AM MOVING AS QUICK AS POSSIBLE.

Sincerely

Donald Lee Eichen

Donald Lee Eichen

To Inspector for IL EPA. I HAVE never refused to be here for an inspection and I was told I would be advised of any subsequent inspection. I CAN NOT understand why time before last I was not told of a upcoming inspection. Then last time I got a message on my phone recorder that night that a inspection was to be held that day. I know you know I work at a Rock Quarry in Alton and I have to leave at 5:45 AM to be at work at 7:00 and do not get home to well after 6:30 PM.

This inspection situation is not on the up & up. I am told by your inspector tires take off go kart track, w/ under roof, and covered with tarp for future use with at least 2-1 in holes in each area not good enof. I was told by inspector she see moisture in them and we were standing in the rain at the time. I was told I would be notified of ^{any} inspection.

last year inspection were only done on snow or cold rainy days when I was thought not to be working there. I know my sites are rocked and on road access but I would like to be notified in advance so I could give steel & copper - All. tickets.

Senceerly

Donald Lee Eichen
