STATUS REPORT

Now comes the Illinois Association of Wastewater Agencies by its attorney, Roy M. Harsch and Gardner Carton & Douglas LLP and files a Status Report in conformance with the Hearing Officer's December 20, 2004 Order.

1. Since the December 17, 2004 conference call referenced in the Hearing Officer's Order, the representatives of Illinois Association of Wastewater Agencies ("IAWA") have been in contact with representatives of the Illinois Environmental Protection Agency ("IEPA") and the Department of Natural Resources ("DNR") regarding a number of issues. There have been ongoing discussions regarding certain technical issues that were discussed at the last stakeholder meeting and reported on the December 17th conference call.

2. Based upon these discussions, it was determined that an additional stakeholder meeting should be scheduled.

3. The stakeholder meeting is currently scheduled for February 23, 2005 at the Illinois Environmental Protection Agency's offices in Springfield starting at 10:00 a.m. Various representatives of stakeholders or those attending the last stakeholder meeting have been advised regarding the scheduling of the stakeholder meeting.

4. IAWA is hopeful that further progress can be made at resolving outstanding different points of view regarding this proposal at this stakeholder meeting. Accordingly IAWA proposes that and would request the Hearing Officer enter an Order scheduling an additional Status Report to be filed by IAWA on or before February 28, 2005 including the suggested dates for a third hearing as set forth in the December 20, 2004 Order.
