Case Number	Related Case #	Date of Offense	Location of Offense
SG04-38884	SG04-38860	12/29/04	12048 MAIN GLENARM, IL 63536

Narrative:

On 12/29/04 at approximately 1611 hours I was detained to 12048 Main, Glenarm, IL reference a complaint from Adam Proctor who works for the Sangamon county public health department. The complaint was about a contract between Sangamon county department of public health and Patrick A. O'Keefe (W/M 27 y/o). Adam advised that Patrick was awarded a contract to demolish and haul away the residence at 12048 Main, Glenarm, IL because the residence is unsafe for habitat.

Adam advised that he received a call from the Chatham fire department about Patrick illegally burning items inside the residence and pieces of the demolished residence. Adam advised that the contract between the public health and Patrick does not allow him to burn any of the solid waste and that all the materials are to be hauled to the Sangamon county dump free of cost to Patrick.

I arrived at 12048 Main and found Patrick burning a large pile of wood and debris from the residence. Divernon and Chatham fire department arrived on scene and put the fire out. Adam also arrived on scene and began looking through the debris after the fire was out. Adam advised that there were the remains of a mattress, plastic bottles, wood, and siding that contained asbestos. Adam took digital pictures of the debris and advised that he would keep custody of the pictures. Since Adam took the pictures I did not call for an ID tech to take pictures of the debris.

I spoke with Patrick and he advised that he had in fact been awarded the contract for demolishing the residence. Patrick advised that the contract did not state anything about not being able to burn anything. Patrick advised that the only thing that he was burning was pieces of wood and lumber from the residence and was not burning anything illegal. Patrick advised that Deputy J. Gillette had advised him that he could burn wood because it was not incorporated.
