RECEIVED
CLERK'S OFFICE

MAR 14 2005

To: ILL. EPA

STATE OF ILLINOIS
Pollution Control Board

This is in response to the letter you sent

2/17/05.

Let's start by clearing up some facts, 1. My address is 1965 W. Crague Washington, IL. 6015
Letter Dated 2/17/05
Received Feb. 28/05
not the address that you sent this letter. This delayed me in

receiving this letter in a timely fashion. 2. You state in your letter that Stacy Hess is a she, that is not true, Stacy Hess is a he, maybe you have the wrong person?

The reasons I am petitioning for review ~~is~~ ARE:

1. I AM NOT operating An open dump, never have, never will.
2. I HAVE NEVER caused or allowed open dumping of waste.
3. I HAVE NEVER allowed open dumping which caused open burning.
4. I HAVE NEVER allowed open dumping of waste in a manner resulting in deposition of general construction or demolition debris or clean construction.

I have already cleaned up this property of tires from when it was a used tractor business. I am still paying on the loan I had to take out to get this done. The tires and construction waste on the property now, comes from the concrete plant that operates adjoining to my property. The owner of the plant rents part of my property to run his business. I talked to Mr. Tigge about this and I had the owner (Jay Veltman) of V-Mix concrete plant call Mr. Tigge and explain what ~~he~~ he has been doing. If there has been open burning it is from the people at the concrete plant. The tires + construction debris were from the concrete plant. These building collapsed a couple of winters ago from heavy snow.

I would like a review to prove I am not the one causing the problem. Yes, I owned the property but I am not causing the problem. The property listed is in a 1.7 million dollar foreclosure, so I might not be the owner very long.

PLEASE make the necessary changes to my address and sex, so we can avoid any further delays.

Thank You,
Stacy Hess
