RE: Illinois Pollution Control Board #R04-22/23

To Whom It May Concern:

This letter is in reference to the Pollution Control Board proposed amendments to Illinois Environmental Protection Agency (Agency) Leaking Underground Storage Tank (LUST) Regulations Part 732 and Part 734. I would like to request additional hearings prior to the final approval of the new regulations, possibly in the Southern Illinois (Jefferson County) area.

I have been working with the Agency LUST Section on behalf of several Potentially Responsible Parties for the last 3 years and am very concerned about the upcoming changes that will be made to the regulations.

Your time and consideration is greatly appreciated in this matter.

Sincerely,

*Sallie Minks*
