FACTS

1. That Michael Schwab is the present owner and/or operator of a facility located at part of the Southwest Quarter (SW¼) of the Northwest Quarter (NW¼) , Section Three (3), Township Eight (8), Range Five (5), in Montgomery County, Illinois. VIOLATIONS

Based upon direct observations made by Bill Gonet during the course of his March 31, 2005 inspection of the above-named facility, Montgomery County has determined that Respondent has violated the Act as follows:

the Illinois Pollution Control Board. Those hearing costs shall be assessed in addition to the One Thousand Five Hundred Dollar (\$1,500.00) statutory civil penalty for each violation.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2000), if Respondent fails to petition or elects not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, Respondent's check shall be made payable to the Montgomery County Coordinated Services office and mailed to the attention of **Christine Daniels, County Coordinator, at P.O. The State's Attorney of Montgomery County may be requested to initiate proceedings against Respondent in Circuit Court to collect said penalty and/or hearing costs, plus any interest accrued.

SUBJECT: LPC # 1358155017-Montgomery County
S. Litchfield Twp./Schwab, Michael
FOS File

A re-inspection of the above referenced site was conducted on March 31, 2005. The site was previously inspected on July 22, 2003 and re-inspected on November 18, 2003, January 21, 2004, June 14, 2004, August 2, 2004, and November 15, 2004. During the November 15, 2004 inspection the following violations of the Environmental Protection Act were observed: 21(a) cause or allow open dumping and 21(p) cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) litter, (7) deposition of general construction or demolition debris; or clean construction or demolition debris.

The site is located on the north side of Old Quarry Trail positioned between Dana Brake Parts Inc. and the Litchfield Country Club in the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 3 in South Litchfield Township. The property is owned by Michael Schwab per the Last Will of Herman F. Hagerdorn. The mailing address for Michael Schwab is 95 Old Quarry Trail, Litchfield, IL 62056.

On July 24, 2003 an Administrative Citation Warning Notice (ACWN) and a copy of the July 22, 2003 inspection report were sent to Mr. Michael Schwab by certified mail. Mr. Schwab responded to the ACWN in a letter dated August 12, 2003.

On November 19, 2003 an extension was granted until January 20, 2004 on the condition that all of the remaining waste and the site must be removed by the extended compliance deadline.

On February 23, 2004 an extension to the compliance deadline and a copy of the January 21, 2004 inspection were hand delivered to Mr. Louie Schwab, father of Mr. Michael Schwab. In this extension it stated that if the site was not in complete compliance by March 23, 2004 then further enforcement action would be taken through the Montgomery County State's Attorney's Office.

On June 15, 2004 a letter from the Montgomery County State's Attorney's Office and a copy of the June 14, 2004 inspection report were sent to Mr. Michael Schwab by certified mail. This letter basically stated that if the site was not in complete compliance by July

30, 2004, then Montgomery County Coordinated Services would pursue further enforcement action through the Montgomery County State's Attorney's Office. The letter and inspection report were returned and marked as unclaimed. On July 23, 2004 the Montgomery County State's Attorney's Office re-sent copies of the letter and inspection report to Mr. Michael Schwab by U.S. Mail, regular delivery. As of August 4, 2004 the letter and inspection report have not been returned.

On September 10, 2004 an Administrative Citation (AC) was filed with the Illinois Pollution Control Board which included a copy of the August 2, 2004 inspection report. Copies of the AC and the August 2, 2004 inspection report were also sent to Mr. Michael Schwab by certified mail. On October 4, 2004 Mr. Schwab's letter was returned unclaimed.

I arrived at the site at 9:25 a.m. The temperature was about 54°F with clear skies. The wind was coming from the northwest and the soil condition was damp. No one was met at the site during the inspection. This re-inspection was conducted because service was not had on Mr. Michael Schwab within 60 days of the November 15, 2004 inspection.

As in the previous inspection reports, the site has been divided into two separate areas and will be referred to in this inspection report as **Area-A-** and **Area-B-** (see attached area sketch).

Area -A-

Area -A- is located in the west half of the property and is bordered by Dana Brake Parts Inc. Observed in this area during the previous inspection were various types of waste consisting of scrap metal, plastic buckets, plastic 1 qt oil cans, bed springs, dimensional lumber, tarps, window frames, open top trailers filled with waste, three abandoned vehicles, and other various types of debris.

Shown in photos 001 through 015 is that all of the previously observed wastes, except for one abandoned vehicle (photo 012), were still present. It appeared that no attempt had been made to properly dispose of any of the remaining waste from Area -A-. Since the two remaining vehicles in Area -A- displayed expired license plates and apparently had not been driven since the previous inspection, these vehicles were considered to be abandoned vehicles. The amount of waste remaining in Area -A- was estimated at about 15yds³.

Area -B-

Area -B- is located in the east half of the property and is bordered by the Litchfield Country Club. Observed in this area during the previous inspection were scrap metal, tin, dimensional lumber, plastic 5 gal buckets, windows, a 55 gal drum containing a small amount of liquid, and two abandoned vehicles.

Shown in photos 016 through 022 is that all of the previously observed wastes were still present. It appeared that no attempt had been made to properly dispose of any of the remaining waste from Area -B-. Since both vehicles observed in this area displayed

expired license plates and appeared to be inoperable, these vehicles were considered to be abandoned vehicles. There were no noticeable improvements made to this area (see Area -B- site sketch). The amount of waste remaining in Area -B- was estimated at 15yds³.

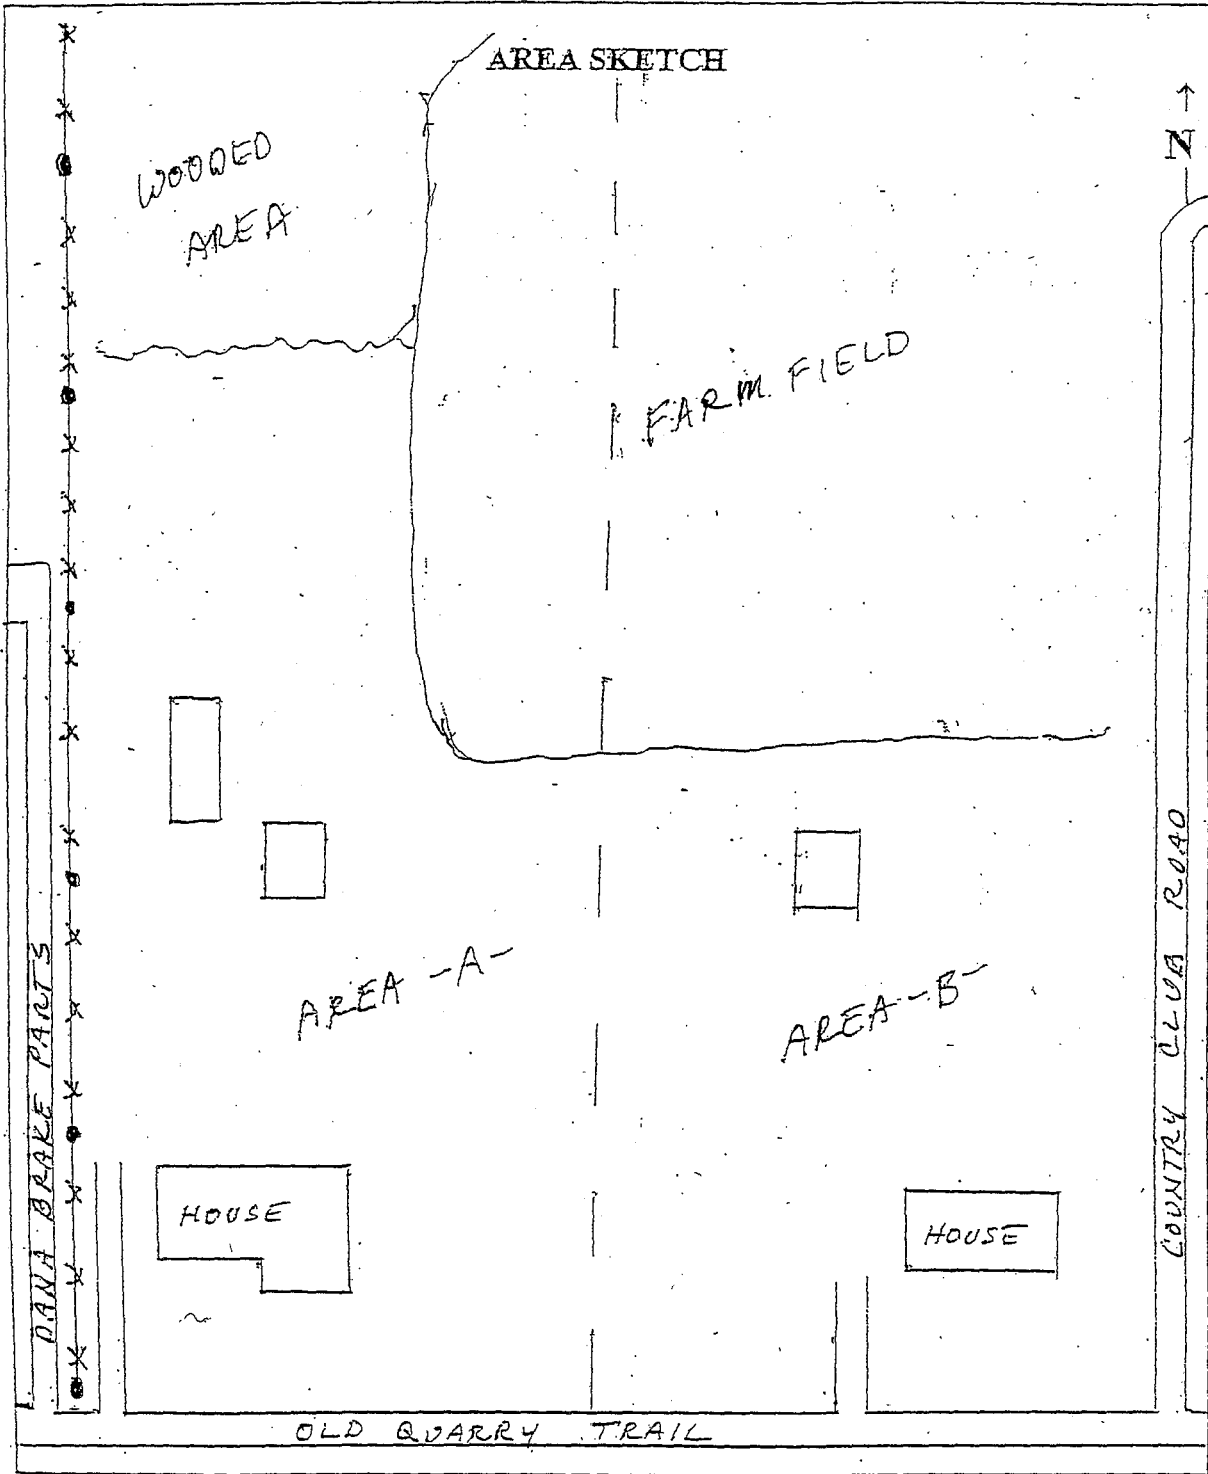

I left the site at 9:55 a.m.

See attached Open Dump Checklist for apparent violations.
