Subject: **Proposed New and Updated Rules for Measurement and Numerical Sound Emissions Standards; Amendments to 35 Ill. Adm. Code 901 and 910
PCB R03-09**

Dear Ms. Gunn:

On behalf of Kropp Forge, please allow this correspondence to serve as formal, written comment to the above-referenced matter. Specifically, while Kropp Forge believes that it is not necessary to seek site-specific relief within the scope of this rulemaking, Kropp Forge is, nevertheless, exercising an abundance of caution and filing this comment to preserve its right to seek a permanent site-specific allowable operational level from the Illinois Pollution Control Board consistent with 35 Ill. Adm. Code 901.105(d). Kropp Forge will file such request as soon as possible and as necessary.

Should you have any questions or need additional information prior to the filing of a site-specific request, please feel free to contact me at 773-320-9231.

Thank you for your courtesies and cooperation with this request.

Very truly yours,

BRADBURNE, BRILLER & JOHNSON, LLC
