STATUS REPORT

Now comes the Illinois Association of Wastewater Agencies by its attorney, Roy M. Harsch and Gardner Carton & Douglas LLP and files a Status Report in conformance with the Hearing Officer's March 3, 2005 Order.

1. Representatives of Illinois Association of Wastewater Agencies ("IAWA") have been in contact with representatives of the Illinois Environmental Protection Agency ("IEPA"), the Department of Natural Resources ("DNR") and other stakeholders regarding a number of issues. There have been ongoing discussions regarding certain technical issues.

2. A stakeholder meeting was held in Springfield on May 4, 2005 at which time progress was made at arriving at a position by the Illinois Department of Natural Resources and Illinois Environmental Protection Agency. While no formal position has been apparently reached, further discussions have been held between the two agencies.

3. Based upon the discussions at the May 4, 2005 stakeholder meeting, it was generally agreed that we should attempt to schedule a third hearing. To that end, the undersigned has sent e-mails to all of the stakeholders regarding possible dates for this hearing. Based upon the reply from IEPA, DNR, IAWA and several others, it would appear that August 11, 12 and 25

are dates that those who responded can make. There has been no response from Prairie Rivers, Sierra Club or their representative.

4. IAWA requests that the Hearing Officer schedule a hearing on one of these days so that this matter can move forward.

Respectfully submitted,

By: 

Roy M. Harsch on behalf of
Illinois Association of Wastewater Agencies
