I am writing in regards to

a Citation I

Received. First of all it is my first which the citation says my second. Somehow they have got me mixed up with another Gary Chover in Jackson County that was caught burning Shingles which was not me.

another thing I did burn some brush in our pit which I called the fire department to ask if I could burn the brush. they give me a number to call so I called it the lady I talked with said I could burn brush as long ~~as~~ as I did not throw car tires on the brush. Therefore I feel like I was not illegal. The bottom floor of our pit does not stand in water as the pictures they took show. My neighbor needed to get some trucks in on his property therefore I let him dig a trench to our property to let the water off of his. I'm trying to fill up a big pit that was on this property when we bought it to keep also 4 wheelers from getting hurt and causing me problems

If I am stopped from filling up pit and  
someone on a 4 wheeler gets hurt someone  
else will be reliable because I've tried

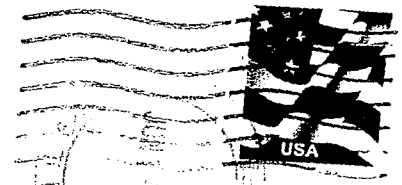

This Place 6/13/05 Thank You  
is not A  
open Dump  
Thank You

Gary Love
