RE: Proposed Revisions to Leaking Underground Storage Tank Regulations R04-22 and R04-23

Dear Ms. Tipsord:

I am writing to clarify for the Board, testimony which has been provided by the Illinois Environmental Protection Agency (IEPA) regarding information provided by my company. I am the owner of Advanced Environmental Drilling and Contracting. It has been testified by the IEPA that I was contacted and provided rates for drum disposal. At no time have I been contacted by any member of the IEPA regarding anything in relation to these rulemaking proceedings. Additionally, I have not provided any rates to the IEPA regarding the rulemaking at hand. My company does not even perform disposal of drums containing liquid or solid waste. I just felt it necessary to clarify these matters in the record of these proceedings.

Sincerely,

Greg Courson
