Re: Proposed revisions to fund regulations R04-022 and R04-023

To Whom It Concerns:

It is my understanding that the Illinois Pollution Control Board (IPCB) is considering regulatory changes to the Leaking Underground Storage Tank (LUST) Fund.

Several constituents contacted me expressing their concerns with proposed changes. Specifically with regard to a "one size fits all" rate change with regard to clean up cost.

I ask that the IPCB carefully review any and all proposed changes and their impact on small municipalities and small business owners, especially those located in rural and remote areas of the state.

Thank you for your careful consideration with regard to this matter. If you have any questions please contact me at your convenience.

Sincerely,

A handwritten signature in cursive script that reads "John Sullivan".
