NOTICE OF FILING

TO: Ronald P. Palmieri, P.E.
Regional Vice President
STS Consultants, Ltd.
750 Corporate Woods Parkway
Vernon Hills, Illinois 60061-3153

CT Corporation Systems
208 S. LaSalle Street
Suite 814
Chicago, Illinois 60604-1101

PLEASE TAKE NOTICE that I have today filed with the Office of the Clerk of the Illinois Pollution Control Board a Complaint, Notice of Filing, and a Certificate of Service on behalf of the People of the State of Illinois, a copy of which is attached and herewith served upon you.

Section 103.204(f) of the Pollution Control Board Procedural Rules, 35 Ill. Adm. Code 103.204(f) provides: "Failure to file an answer to this complaint within 60 days may have severe consequences. Failure to answer will mean that all allegations in the complaint will be taken as if admitted for purposes of this proceeding. If you have any questions about this procedure, you should contact the hearing officer assigned to this proceeding, the Clerk's Office or an attorney."

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS

LISA MADIGAN
Attorney General
State of Illinois

PEOPLE OF THE STATE OF ILLINOIS,

Complainant,

v.

STS CONSULTANTS, LTD.,
a Delaware corporation,

Respondent.

PCB No. *06-48*
(Enforcement - Public Water Supply)

COMPLAINT

NOW COMES THE Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, and complains of Respondent, STS CONSULTANTS, LTD., as follows:

COUNT I

FAILURE TO OBTAIN A CONSTRUCTION PERMIT

1. This complaint is brought on behalf of the People of the State of Illinois, by LISA MADIGAN, Attorney General of the State of Illinois, against STS CONSULTANTS LTD, on her own motion and at the request of the Illinois Environmental Protection Agency pursuant to Section 31 of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31 (2004) .

2. The Illinois Environmental Protection Agency ("Illinois EPA") is an administrative agency established in the executive branch of the State government by Section 4 of the Act, 415 ILCS 5/4 (2004), and charged, *inter alia*, with the duty of enforcing the Act.

3. At all times relevant to this Complaint, Respondent, STS Consultants, Ltd. ("STS") is a Delaware corporation authorized to transact business in the State of Illinois and in good standing. The principal place of business for STS is located at 750 Corporate Woods Parkway, Vernon Hills, Illinois 60061-3153.

4. Respondent, STS acted as Home Depot's engineer during the construction of the new Home Depot store number 1989, located on 143rd Street and Bell Road, Homer Township, Will County, Illinois ("construction site" or "project"). As the consulting engineer, STS developed engineering plans, potable water installation plans and completed necessary permit application forms for development work at the construction site.

5. On August 21, 2003, STS, on behalf of Home Depot prepared and signed a construction permit application for the installation of a water main extension to serve the new Home Depot store. Home Depot signed the permit application on August 22, 2003, and the application was submitted by STS to the Illinois EPA on August 31, 2003.

6. On September 5, 2003, the Illinois EPA inspected the construction site and discovered that the potable water main had already been constructed prior to the issuance of the required construction permit.

7. On September 17, 2003, STS submitted, to the Illinois EPA, after the fact, "As-Built" Plans and specifications for the water main extension at the construction site.

8. On October 1, 2003, the Illinois EPA issued to Home Depot "As-Built" Plans Construction Permit No. 0431-FY2004.

9. Section 15(a) of the Act, 415 ILCS 5/15(a) (2004), titled, Plans and Specifications; Demonstration of Capability, provides as follows:

- (a) Owners of public water supplies, their authorized representative, or legal custodians, shall submit plans and specifications to the Agency and obtain written approval before construction of any proposed public water supply installations, changes, or additions is started. Plans and specifications shall be complete and of sufficient detail to show all proposed construction, changes, or additions that may affect sanitary quality, mineral quality, or adequacy of the public water supply; and, where

necessary, said plans and specifications shall be accompanied by supplemental data as may be required by the Agency to permit a complete review thereof.

10. Section 602.101(a) of the Board Public Water Supply Regulations, 35 Ill. Adm.

Code 602.101, titled, Construction Permit, provides as follows:

No person shall cause or allow the construction of any new public water supply installation or cause or allow the change of or addition to any existing public water supply, without a construction permit issued by the Agency. Public water supply installation, change, or addition shall not include routine maintenance, service pipe connections, hydrants and valves, or replacement of equipment, pipe, and appurtenances with equivalent equipment, pipe, and appurtenances.

11. Section 3.315 of the Act, 415 ILCS 5/3.315 (2004), defines person as follows:

“Person” is any individual, partnership, co-partnership, firm, company, limited liability company, corporation, association, joint stock company, trust, estate, political subdivision state agency or any other legal entity, or their legal representative, agent or assigns.

12. STS, a limited liability company, is a person as that term is defined in Section 3.315 of the Act, 415 ILCS 5/3.315 (2004).

13. At all times relevant to this Complaint, Home Depot was the owner of the public water supply system and STS as Home Depot’s engineer and Home Depot’s authorized representative or legal custodian prepared site engineering and water main extension plans and specifications and submitted them to the Illinois EPA.

14. Section 3.365 of the Act, 415 ILCS 5/3.365 (2004), defines public water supply as follows:

“PUBLIC WATER SUPPLY” means all mains, pipes and structures through which water is obtained and distributed to the public, including wells and well structures, intakes and cribs, pumping stations, treatment plans, reservoirs, storage tanks and appurtenances, collectively or severally, actually used or intended for use for the purpose of furnishing water for drinking or general domestic use and

which serve at least 15 service connections or which regularly serve at least 25 persons at least 60 days per year. A public water supply is either a "community water supply" or a "non-community water supply".

15. Section 3.145 of the Act, 415 5/3.145 (2004), defines community water supply as follows:

"COMMUNITY WATER SUPPLY" means a public water supply which serves or is intended to serve at least 15 service connections used by residents or regularly serves at least 25 residents.

16. The water mains at issue are a public water supply, as the mains are structures through which water is obtained and distributed to the public and as it serves more than 15 service connections which regularly serve more than 25 persons as defined in Sections 3.365 and 3.145 of the Act, 415 ILCS 5/3.365 and 3.145 (2004).

17. Respondent STS, as the authorized representative of the owner of the public water supply system, and as signatory of the construction permit application, caused or allowed the construction or installation of 88 feet of 6-inch water main and 2,303 linear feet of 10-inch water main extension at the construction site without first obtaining a construction permit or written approval from the Illinois EPA.

18. By causing or allowing the installation of a water main at the construction site without first obtaining a construction permit or written approval from the Illinois EPA, Respondent STS violated Section 15(a) of the Act, 415 ILCS 5/15(a) (2004), and 35 Ill. Adm. Code 602.101(a).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, respectfully requests that the Board enter an order against Respondent STS and in favor of Complainant:

1. Authorizing a hearing in this matter at which time Respondent STS will be required to answer the allegations herein;
2. Finding that Respondent STS has violated Section 15(a) of the Act and 35 Ill. Adm. 602.101(a);
3. Ordering Respondent STS to cease and desist from any further violations of Section 15(a) of the Act and 35 Ill. Adm. Code 602.101(a) ;
4. Assessing against Respondent STS a civil penalty of Fifty Thousand Dollars (\$50,000.00) for each and every violation of the Act and Board regulations, with an additional civil penalty of Ten Thousand Dollars (\$10,000.00) per day for each day of each violation;
5. Taxing all costs in this action, including attorney, expert witness and consultant fees, against the Respondent; and
6. Granting such other relief as the Board deems appropriate and just.
