Trade Secret Appeal Pollution Control Board

MOTION FOR LEAVE TO FILE THE ATTACHED REPLY TO ILLINOIS ENVIRONMENTAL PROTECTION AGENCY'S RESPONSE TO MIDWEST GENERATION'S MOTION TO STAY

Pursuant to 35 Ill. Adm. Code 101.500(e), Midwest Generation EME, LLC ("Midwest Generation") respectfully submits this Motion for Leave to File the attached Reply to the Illinois Environmental Protection Agency's ("IEPA's") Response to Midwest Generation's Motion to Stay. In support of this motion, Midwest Generation states as follows:

Midwest Generation will be materially prejudiced unless it is allowed to file the attached Reply. First, in its Response to Midwest Generation's Motion to Stay, IEPA argues that Midwest Generation's Motion should be denied because it was not accompanied by a Waiver of Decision Deadline. In the attached Reply, Midwest Generation responds that there is currently such a waiver on file with the Board; in addition Midwest Generation concurrently files an additional waiver. Furthermore, in its Response, IEPA incorrectly characterizes the nature of the FOIA proceedings before USEPA; Midwest Generation will be prejudiced unless it has an opportunity to properly characterize the proceedings before USEPA.

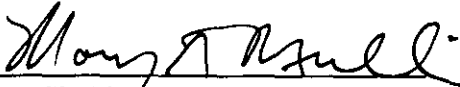

WHEREFORE, Midwest Generation respectfully requests that the Board grant Midwest Generation's Motion for Leave to File the attached Reply.

WHEREFORE, Midwest Generation respectfully requests that the Board grant Midwest Generation's Motion for Leave to File the Attached Reply.

Dated: October 21, 2005

Respectfully submitted,

MIDWEST GENERATION EME, LLC

**REPLY TO ILLINOIS ENVIRONMENTAL PROTECTION AGENCY’S RESPONSE TO
MIDWEST GENERATION’S MOTION TO STAY**

Petitioner, Midwest Generation EME, LLC (“Midwest Generation”) respectfully submits this Reply to the Illinois Environmental Protection Agency’s Response to Midwest Generation’s Motion to Stay PCB 04-216. In support of this Reply, Midwest Generation states as follows:

1. In its Response to Midwest Generation’s Motion to Stay, Respondent asserted that there was no proceeding underway before the United States Environmental Protection Agency (“USEPA”) concerning the confidentiality of the documents at issue in this matter. This assertion is wrong. The USEPA’s legal office is in the midst of making a final confidentiality determination in accordance with the administrative process set forth in 40 CFR Part 2. In accordance with that process, USEPA made a preliminary determination, pursuant to 40 CFR 2.204(d)(1), that the documents may be entitled to confidential treatment. See Attachment 1. Then, as set forth in 40 CFR 2.204(h)(1)(ii), USEPA gave the affected businesses an opportunity to submit comments to support their confidentiality claims. The comments of Midwest Generation and Commonwealth Edison have now been submitted to USEPA and the USEPA legal office is now in the process of making a final confidentiality determination under the standards set forth in 40 CFR 2.205. A final confidentiality determination constitutes final agency action. 40 CFR 2.205(f)(2). Respondent’s statement that “USEPA is merely in the

process of evaluating a FOIA request prior to making an initial determination” is simply inaccurate.

2. Respondent has argued that the Motion to Stay should be denied because Midwest Generation has not filed a waiver of decision deadline. Midwest Generation waived the statutory decision deadline for Board action in this matter, by appropriate filing on June 9, 2005. The statutory decision deadline is March 29, 2006. However, in response to the Respondent’s concern, Midwest Generation is concurrently filing an additional Waiver of Deadline for Board Action to take effect if, and when, the Board stays PCB 04-216.

WHEREFORE, Midwest Generation respectfully requests that the Board grant its Motion to Stay 04-216.

Oak Brook Terrace, Illinois 60181

Re: Commonwealth Edison, Response to U.S. EPA's Section 114 of the Clean Air Act
Information Request dated July 22, 2003

Dear Ms. Freitag:

The United States Environmental Protection Agency ("U.S. EPA") has received a request under the Freedom of Information Act ("FOIA") for certain records pertaining to Commonwealth Edison's response to U.S. EPA's July 22, 2003, Section 114 of the Clean Air Act Information Request. Commonwealth Edison asserted a business confidentiality claim covering part of this information. In accordance with U.S. EPA's FOIA regulations (40 C.F.R. Part 2), the request has been initially denied to afford you an opportunity to substantiate your claim before a final determination is made.

This letter is to notify you that the U.S. EPA, Region 5 will be making a final confidentiality determination concerning this information. If you feel that some or all of the above information is entitled to confidential treatment, please specify which portions of the information you consider confidential. Please be specific by page, paragraph, and sentence when identifying the information subject to your claim. Any information not specifically identified as subject to a confidentiality claim will be disclosed to the requestor without further notice to you. For each item or class of information that you identify as being subject to your claim, please answer the

following questions:

1. For what period of time do you request that the information be maintained as confidential? If the occurrence of a specific event will eliminate the need for confidentiality, please specify that event.
2. Information submitted to U.S. EPA becomes stale over time. Why should the information you claim as confidential be protected for the time period specified in your answer to question #1?
3. What measures have you taken to protect the information claimed as confidential? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?
4. Has any governmental body made a determination as to the confidentiality of the information? If so, please attach a copy of the determination.
5. Is the information contained in any publicly available material such as promotional publications, annual reports, articles, etc.? Is there any means by which a member of the public could obtain access to the information?
6. For each category of information claimed as confidential, discuss with specificity why release of the information is likely to cause substantial harm to your competitive position. Explain the nature of those harmful effects, why they should be viewed as substantial, and the causal relationship between disclosure and such harmful effects. How could your competitors make use of this information to your detriment?
7. Do you assert that the information is "voluntarily submitted" as defined at 40 C.F.R. § 2.201(i)? If so, explain why, and how disclosure would tend to lessen U.S. EPA's ability to obtain similar information in the future.
8. Any other issue you deem relevant.

Please note that you bear the burden of substantiating your confidentiality claim pursuant to 40 C.F.R. § 2.208(e). Conclusory allegations will be given little or no weight in the determination. If you wish to claim any of the information in your response as confidential, you must mark the response "CONFIDENTIAL" or with a similar designation, and must bracket all text so claimed. Information so designated will be disclosed by U.S. EPA only to the extent allowed by, and by means of, the procedures set forth in 40 C.F.R. Part 2. If you fail to claim the information as confidential upon submission it may be made available to the public without further notice to you.

Your comments must be postmarked or hand delivered to this office by the 15th working day after your receipt of this letter. You may seek an extension of time to submit your comments, but the request must be made to me before the end of the 15 day period. Except in the extraordinary circumstances, no extension will be made without the permission of the requester. Failure to submit your comments within that time will be regarded as a waiver of your confidentiality claim, and U.S. EPA will be free to release the information.

Should you have any questions in this matter, please call Sabrina Argentieri, Associate Regional Counsel, at (312) 353-5485.

Sincerely,

Bertram C. Frey
Acting Regional Counsel
