**HEARING OFFICER ORDER**

On December 15, 2005, all parties participated in a telephonic status conference with the hearing officer. The respondent represented that it has ratified the bid for the installation of the low sound fan blade and is presently discussing a timeline for its installation. What remains, however, among other things, is whether this low sound fan blade will fall within the nighttime sound limits. The respondent and the complainants anticipate that discussions will be held prior to the next status conference regarding this issue.

The parties were notified that, if needed, continuing with the discovery process will be revisited at the next status conference.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on January 25, 2006, at 11:30 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
