HEARING OFFICER ORDER

On March 9, 2006, all parties participated in a telephonic status conference with the hearing officer. On March 3, 2006, the respondent filed a belated response to complainant's motion to deem facts admitted and a belated amended response to request for admission of facts. The respondent made an oral motion for extension of time to file both belated pleadings *instanter*. The complainant had no objection to the belated filing of respondent's response to complainant's motion to deem facts admitted. The respondent's motion for extension of time as to its response to complainant's motion to deem facts admitted was granted.

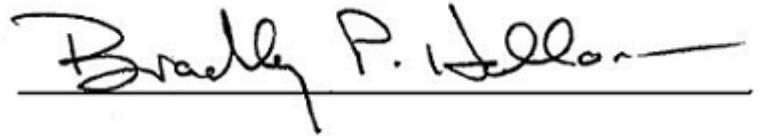

Complainant, however, objected to respondent's oral motion for extension of time as to its amended response to request for admission of facts. The respondent was directed to file a written motion for extension of time addressing its belated filing of it amended response. Respondent's motion is due to be filed on or before March 16, 2006.

The parties were directed to file a proposed discovery schedule on or before March 17, 2006.

Finally, the respondent represented that it has still attempting to gather and forward to the complainant additional financial information.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on May 18, 2006, 11:00 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.
