

ILLINOIS POLLUTION CONTROL BOARD
November 23, 1977

IN THE MATTER OF:)
)
WATER QUALITY AMENDMENTS,) R74-1, -8, -9
HEXANE SOLUBLES)

ORDER OF THE BOARD (by Mr. Goodman):

Rule 408(a), Chapter 3: Water Pollution, of this Board's Rules and Regulations, insofar as it regulates oil (hexane solubles or equivalent) shall be amended as follows:

<u>"Constituent</u>	<u>Storet Number</u>	<u>Concentration</u> (mg/l)
.....		
Oil-(hexane-- solubles-or equivalent)	00550	±5.0
<u>Oil, fats and</u> <u>greases</u>	<u>00550, 00556</u> <u>00560</u>	<u>15.00**</u>
.....		

Oil may be analytically separated into polar and non-polar components. If such separation is done, neither of the components may exceed 15 mg/l (i.e., 15 mg/l polar materials and 15 mg/l non-polar materials). Compliance with this numerical standard shall be determined on the basis of 24 hour composite samples, averaged over any monthly period; provided, however, that no single 24 hour composite shall be greater than 2 times the numerical standard and no grab sample shall be greater than 5 times the numerical standard.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 23RD day of November, 1977 by a vote of 50.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
