STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, the Illinois Environmental Protection Agency ("Illinois EPA"), and Huck Store Fixture Co., Inc., n/k/a Source-Huck Store Fixture Co., Inc., an Illinois corporation, ("Respondent"), have agreed to the making of this Stipulation and Proposal for Settlement ("Stipulation") and submit it to the Illinois Pollution Control Board ("Board") for approval. The parties stipulate that this statement of facts is made and agreed upon for purposes of settlement only and that neither the fact that a party has entered into this Stipulation, nor any of the facts stipulated herein, shall be introduced into evidence in any other proceeding regarding the claims asserted in the Complaint except as otherwise provided herein. If the Board approves and enters this Stipulation, Respondent agrees to be bound by the Stipulation and Board Order and not to contest their validity in any subsequent proceeding to implement or enforce their terms.

I. JURISDICTION

The Board has jurisdiction of the subject matter herein and of the parties consenting hereto pursuant to the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/1 *et seq.* (2004).

II. AUTHORIZATION

The undersigned representatives for each party certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

III. STATEMENT OF FACTS

A. Parties

1. On May 9, 2003, a Complaint was filed on behalf of the People of the State of Illinois by Lisa Madigan, Attorney General of the State of Illinois, on her own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31(2004), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2004).

3. At all times relevant to the Complaint, Respondent was and is an Illinois corporation that is authorized to transact business in the State of Illinois.

B. Site Description

1. At all times relevant to the Complaint, Respondent owned and operated a wood furniture manufacturing facility located at 1100 North 28th Street, Quincy, Adams County, Illinois ("site")

2. On September 2, 1999, the Illinois EPA issued a permit to Respondent for use at the site; and, the permit contained the following condition: "The VOM content for each coating

as applied in the seven spray paint booths and two curtain coaters shall not exceed 5.0 lb/gal for pigmented coatings, 5.6 lb/gal for clear top coatings and sealers pursuant to 35 Ill. Adm. Code 215.204.

3. On May 18, 2000, the Illinois EPA conducted an inspection of the site and determined that Respondent was using coatings in the manufacturing process which had volatile organic material ("VOM") limits that exceeded the limits set forth in its September 9, 1999, permit and set forth in 35 Ill. Adm. Code 215.204.

4. In that same May 18, 2000, inspection of the site, the Illinois EPA determined that Respondent failed to keep records required by their September 9, 1999, permit.

5. The Respondent failed to comply with the terms and conditions of its permit for eight days (applying the provisions of 35 Ill. Adm. Code Section 215.207) regarding the emission of volatile organic material in excess of permit limits (Count I); respondent failed to keep all necessary daily records (Count II); respondent failed to obtain a construction permit to modify its equipment to use these coatings with higher volatile organic material limits (Count III); and respondent failed to obtain a new permit to use these coatings with higher volatile organic material limits (Count IV).

C. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

- Count I: **Section 9(a) of the Act, 415 ILCS 5/9(a) (2004), and 35 Ill. Adm. Code 201.141.**
- Count II: **Section 9(b) of the Act, 415 ILCS 5/9(b) (2004).**
- Count III: **Section 9(b) of the Act, 415 ILCS 5/9(b) (2004), and 35 Ill. Adm. Code 201.142.**

Count IV: **Section 9(b) of the Act, 415 ILCS 5/9(b) (2004), and 35 Ill. Adm. Code 201.143.**

D. No Admission of Violations

The Respondent represents that it has entered into this Stipulation for the purpose of settling and compromising disputed claims without having to incur the expense of contested litigation. By entering into this Stipulation and complying with its terms, the Respondent does not affirmatively admit the allegations of violation within the Complaint and referenced within Section III.C herein, and this Stipulation shall not be interpreted as including such admission.

E. Compliance Activities to Date

Respondent has obtained a permit and has returned to compliance.

IV. APPLICABILITY

This Stipulation shall apply to and be binding upon the Complainant and the Respondent, as well as any successors or assigns of the Respondent. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation.

V. COMPLIANCE WITH OTHER LAWS AND REGULATIONS

This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations including, but not limited to, the Act and the Board regulations, 35 Ill. Adm. Code, Subtitles A through H.

VI. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c)(2004), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the complainant states the following:

1. Human health and the environment were threatened and the Illinois EPA's information gathering responsibilities hindered by the Respondent's violations.
2. There is social and economic benefit of the facility.
3. Operation of the facility was suitable for the area in which it occurred.
4. Compliance with the terms of the permit and the Board's Regulations was both technically practicable and economically reasonable during the period at issue in this matter.
5. Respondent has subsequently complied with the Act and the Board Regulations.

VII. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h)(2004), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in

mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection I of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In response to these factors, the complainant states as follows:

1. The Respondent failed to comply with the terms and conditions of its permit for eight days regarding the emission of volatile organic material in excess of permit limits (Count I); respondent failed to keep all necessary daily records (Count II); respondent failed to obtain a construction permit to modify its equipment to use coatings with higher volatile organic material limits (Count III); and respondent failed to obtain a new permit to use coatings with higher

volatile organic material limits (Count IV). The violations occurred between May of 1999 and October of 2000, and the violations were individually resolved by October of 2000.

2. Respondent was diligent in coming back into compliance with the Act and Board regulations once the Illinois EPA notified it of its alleged noncompliance.

3. The economic benefit to Respondent was nominal and the penalty to be paid is as great or greater than the economic benefit that Respondent achieved during the period of noncompliance.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of Twenty Thousand Dollars (\$20,000.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. To Complainant's knowledge, Respondent has no previously adjudicated violations of the Act.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

VIII. TERMS OF SETTLEMENT

A. Penalty Payment

1. The Respondent shall pay a civil penalty in the sum of Twenty Thousand Dollars ^{JF} (20,000⁰⁰) (\$20,00.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

The Respondent stipulates that payment has been tendered to Respondent's attorney of record in this matter in a form acceptable to that attorney. Further, Respondent agrees to waive any rights to contest, in any subsequent enforcement action between Complainant and Respondent or permit proceeding, any allegations that these alleged violations were adjudicated.

D. Cease and Desist

The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint as outlined in Section III.C (“Allegations of Non-Compliance”) of this Stipulation.

E. Release from Liability

The release set forth above does not extend to any matters other than those expressly specified in Complainant’s Complaint filed on May 9, 2003. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or

in equity, which the State of Illinois or the Illinois EPA may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than the Respondent.

F. Right of Entry

In addition to any other authority, the Illinois EPA, its employees and representatives, and the Attorney General, her agents and representatives, shall have the right of entry into and upon the Respondent's facility which is the subject of this Stipulation, at all reasonable times for the purposes of carrying out inspections as permitted by the Act. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, her employees and representatives may take photographs, samples, and collect information, as reasonably necessary.
