NARRATIVE INSPECTION REPORT DOCUMENT

Date of Review: May 11, 2006
Site Code: 0998045004

Inspector(s):Christy Vargochik
Time: 10:20 a.m. – 10:25 a.m.

GENERAL REMARKS

A solid waste landfill inspection was performed on May 11, 2006, by Christy Vargochik representing the LaSalle County Department of Environmental Services and Development under the delegated authority of the Illinois Environmental Protection Agency at the property of Paulette Metille. The property is located at 3108 E. 1961st Rd., Section 29, Dayton Township, Ottawa, Illinois. During the inspection the following was noted: causing or allowing open dumping; disposing and storing of waste at a site not meeting requirements of the Act and Regulations; causing or allowing the open dumping in a manner which is resulting in litter at the dump site; causing or allowing the open dumping of waste tires; and; failure to submit an application for a permit to develop and operate a landfill.

Weather conditions noted on arrival were raining and approximately 52 degrees.

I arrived at the site at 10:20 a.m. I began the inspection at the northeast corner of the site, and photographed the maroon truck and SUV parked in the yard (photo 1029.18). I continued to the west, and photographed several bags of mulch, clothing, and other items in the backyard (photo 1029.19). I looked to the southwest, and found copious amounts of empty flower containers (photo 1029.21). I found several more plastic flower containers at the northwest corner of the property (photo 1029.21). I rounded the corner, and photographed a maroon sedan in the front yard (photo 1029.22). I approached the driveway to the garage, and found the white Blazer parked in the driveway, along with piles of items thrown between the Blazer and the garage (photo 1029.23). I found more litter thrown up by the garage between the Blazer and the blue mini van (photo 1029.24). I noticed a kennel next to the garage filled with boxes and other items (photo 1029.25). I proceeded to the south, to the second driveway to the site that served the large shed on the property. I could see a large flatbed trailer parked to the north of the driveway. Surrounding the trailer was household garbage, and the trailer itself was loading with junk (photo 1029.26). Parked in the driveway was a conversion van filled with material, and surrounding the van was a large pile of garbage (photo 1029.27). Another vehicle was parked in the yard to the south of the shed, along with a tractor-trailer, and a large pile of miscellaneous junk including a bicycle and rusted metal (photo 1029.28). I found a pile of furniture items stored underneath the tractor-trailer (photo 1029.29). I continued past the tractor-trailer, and photographed a new shed on the property (photo 1029.30). At this time, I concluded the inspection, and left the site at 10:25 a.m.
