**REQUEST FOR NINETY DAY EXTENSION
OF APPEAL PERIOD**

NOW COMES the Respondent, the Illinois Environmental Protection Agency (“Illinois EPA”), by one of its attorneys, Melanie A. Jarvis, Assistant Counsel and Special Assistant Attorney General, and, pursuant to Section 40(a)(1) of the Illinois Environmental Protection Act (415 ILCS 5/40(a)(1)) and 35 Ill. Adm. Code 105.208, hereby requests that the Illinois Pollution Control Board (“Board”) grant an extension of the thirty-five (35) day period for petitioning for a hearing to September 19, 2006, or any other date not more than a total of one hundred twenty-five (125) days from the date of service of the Illinois EPA’s final decision. In support thereof, the Illinois EPA respectfully states as follows:

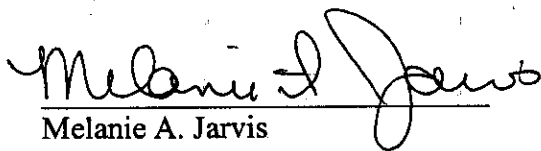

1. On May 15, 2006, the Illinois EPA issued a final decision to the Petitioner. (Exhibit A)
2. On June 12, 2006, the Petitioner made a written request to the Illinois EPA for an extension of time by which to file a petition for review, asking the Illinois EPA join in requesting that the Board extend the thirty-five day period for filing a petition to ninety days. Tracking information from the Certified Mail number on the final decision indicates the final decision was received on May 17, 2006. (Exhibit B)

3. The additional time requested by the parties may eliminate the need for a hearing in this matter or, in the alternative, allow the parties to identify issues and limit the scope of any hearing that may be necessary to resolve this matter.

WHEREFORE, for the reasons stated above, the parties request that the Board, in the interest of administrative and judicial economy, grant this request for a ninety-day extension of the thirty-five day period for petitioning for a hearing.

Respectfully submitted,

 LUST Incident Nos. 992714 & 20040465

Dear Mr. Ingersoll:

On behalf of the Owner of the above referenced facility, Kowalenko & Bilotti, Inc. (K&B) respectfully requests a 90-day extension to appeal the Agency's decision regarding an application for reimbursement from the LUST fund.

The attached May 15, 2006 IEPA Comment Letter (Letter) states that costs incurred prior to the IEMA notification date of April 7, 2004 (IEMA No. 20040465) were not reimbursed. However, in the IEPA-approved High Priority Corrective Action Plan & Budget, the IEPA approved costs associated with corrective action pertaining to the original IEMA Incident No. 992714 (December 9, 1999). K&B inquired why corrective action costs prior to April 7, 2004 were not reimbursed. The IEPA informed K&B that the IEPA-approved reimbursement was based on the December 28, 2004 letter of eligibility from the OSFM, which pertained to IEMA No. 20040465. A copy of the OSFM Letter has been attached for your reference. The IEPA informed K&B that a separate letter from the OSFM, pertaining to IEMA No. 992714, would be required for the reimbursement of corrective action costs incurred prior to April 7, 2004.

K&B contacted the OSFM and requested a letter that would meet the IEPA requirements described above. The OSFM informed K&B that they could not issue a letter cross referencing the two incidents. The OSFM informed K&B that the original IEMA incident would be associated with an additional \$100,000 deductible because only one incident is allowable per facility per calendar year. At this point, K&B took time to consider any options.

Finally, on June 9, 2006, K&B again contacted the OSFM office to petition that an additional \$100,000 deductible should not apply because the April 7, 2004 IEMA Incident No. 20040465 was essentially a re-reporting of the original IEMA Incident No. 992714. The original IEMA Incident Number was provided on the LUST Fund Eligibility and Deductible Application, which has been attached for your reference. K&B demonstrated to the OSFM that the IEPA had

fax: 847-579-4863

combined (and closed) the Incidents and approved corrective action costs dating to the original IEMA notification date of December 9, 1999. Upon understanding that K&B was simply seeking an eligibility determination pertaining to the original IEMA Incident, and that K&B was not asking the OSFM to combine and cross-reference the IEMA numbers, K&B was informed to submit a LUST Fund Eligibility and Deductible Application using the information from the original IEMA Incident No. 992714.

Therefore, K&B respectfully requests a 90-day extension to appeal the Agency's decision provided in the May 15, 2006 Letter. The request for the extension is based upon a miscommunication between K&B and the OSFM. The 90-day extension is required to submit the LUST Fund Eligibility and Deductible Application to the OSFM. Upon receipt of the OSFM's written decision, K&B will forward the decision to the IEPA LUST Claims Unit and seek reimbursement of the approved corrective action activities performed between December 9, 1999 and April 7, 2004. K&B does not believe more than 90 days will be necessary to resolve this matter.

K&B hopes that this information is sufficient to warrant the issuance of a 90-day extension for this matter. Please do not hesitate to contact me at 312-853-0500 (ext. 26) if you have any questions or comments. Thank you for your assistance with this matter and I look forward to hearing from you.

Thomas A. Brecheisen

Leaking UST FISCAL FILE

Dear Mr. Schcolnik:

The Illinois Environmental Protection Agency has completed the review of your application for payment from the Underground Storage Tank Fund for the above-referenced Leaking UST incident pursuant to Section 57.8(a) of the Illinois Environmental Protection Act (Act), and 35 Ill. Adm. Code 732, Subpart F. This information is dated November 3, 2005 and was received by the Agency on November 7, 2005. The application for payment covers the period from December 7, 1999 to November 4, 2005. The amount requested is \$195,365.84.

The deductible amount for this claim is \$100,000.00. \$18,966.39 was previously deducted from the billing submittal received by the Agency on November 7, 2005 for \$19,056.39. The balance of the deductible in the amount of \$81,033.61 is being deducted from this payment. In addition to the deductible, there are costs from this claim that are not being paid. Listed in Attachment A are the costs that are not being paid and the reasons these costs are not being paid.

On April 17, 2006, the Agency received your complete application for payment for this claim. As a result of the Agency's review of this application for payment, a voucher for \$28,845.42 will be prepared for submission to the Comptroller's Office for payment as funds become available based upon the date the Agency received your complete request for payment of this application for payment. Subsequent applications for payment that have been/are submitted will be processed based upon the date complete subsequent application for payment requests are received by the Agency. This constitutes the Agency's final action with regard to the above application(s) for payment.

An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board (Board) pursuant to Section 57.8(i) and Section 40 of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period of time not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. If the applicant wishes to receive a 90-day extension, a written request that includes a statement of the date the final decision was received, along with a copy of this decision, must be sent to the Illinois EPA as soon as possible.

Dear Applicant:

The Reimbursement Eligibility and Deductible Application received on December 10, 2004 for the above referenced occurrence has been reviewed. The following determinations have been made based upon this review.

It has been determined that you are eligible to seek payment of costs in excess of \$100,000. The costs must be in response to the occurrence referenced above and associated with the following tanks:

Eligible Tanks

Tank 1 30,000 gallon Heating Oil
Tank 2 20,000 gallon Heating Oil

You must contact the Illinois Environmental Protection Agency to receive a packet of Agency billing forms for submitting your request for payment.

An owner or operator is eligible to access the Underground Storage Tank Fund if the eligibility requirements are satisfied:

1. Neither the owner nor the operator is the United States Government,
2. The tank does not contain fuel which is exempt from the Motor Fuel Tax Law,
3. The costs were incurred as a result of a confirmed release of any of the following substances:

"Fuel", as defined in Section 1.19 of the Motor Fuel Tax Law

Aviation fuel

Heating oil

Kerosene

Used oil, which has been refined from crude oil used in a motor vehicle, as defined in Section 1.3 of the Motor Fuel Tax Law.

4. The owner or operator registered the tank and paid all fees in accordance with the statutory and regulatory requirements of the Gasoline Storage Act.
5. The owner or operator notified the Illinois Emergency Management Agency of a confirmed release, the costs were incurred after the notification and the costs were a result of a release of a substance listed in this Section. Costs of corrective action or indemnification incurred before providing that notification shall not be eligible for payment.
6. The costs have not already been paid to the owner or operator under a private insurance policy, other written agreement, or court order.
7. The costs were associated with "corrective action".

This constitutes the final decision as it relates to your eligibility and deductibility. We reserve the right to change the deductible determination should additional information that would change the determination become available. An underground storage tank owner or operator may appeal the decision to the Illinois Pollution Control Board (Board), pursuant to Section 57.9 (c) (2). An owner or operator who seeks to appeal the decision shall file a petition for a hearing before the Board within 35 days of the date of mailing of the final decision, (35 Illinois Administrative Code 105.102(a) (2)).
