

Dear Illinois Pollution Control Board:

Please adopt the strong ^{bill that} **RECEIVED** by
2009, would cut coal plant mercury **CLERK'S OFFICE**
90%. **MAY 10 2006**

As a parent of 3 small boys in **STATE OF ILLINOIS**
I am alarmed by the threat to my kid's health posed by the **Pollution Control Board**
levels of mercury currently found in our State's water &
air. Our children must have a clean environment in
which to grow & thrive & this proposal can help make
that possible at a reasonable cost.

Sincerely, Paul & Jennifer Zielinski
