ADMINISTRATIVE RECORD

The Respondent, Illinois Environmental Protection Agency ("Illinois EPA"), by and through its attorneys in accordance with the Illinois Pollution Control Board ("Board") Hearing Officer Order of July 24, 2006, files its Administrative Record ("Administrative Record") in this cause.

Acting in accordance with its authority under the permit provisions of the Illinois Environmental Protection Act (hereinafter "Act"), 415 ILCS 5/39 (2006), the Illinois EPA issued a construction permit for D & L Landfill, Inc. ("D & L") on May 12, 2006. The permit authorized the construction of a new landfill gas extraction well and associated passive flare for a facility located at 825 West Willard Street, Greenville, Bond County, Illinois. On or about June 13, 2006, Petitioner filed a petition before the Board challenging certain conditions contained within the construction permit issued by the Illinois EPA.

In accordance with the Hearing Officer's July 24, 2006, Order, four copies and an original of the Administrative Record are filed with the Board. The Administrative Record consists of, among other things, D & L's permit application materials;

correspondence between the Illinois EPA and D & L; the currently applicable Clean Air Act Permit Program Permit (“CAAPP”); and various solid waste landfill capacity certifications, annual reports and design capacity and NMOC emission rate reports submitted by D & L. The specific documents contained within this Administrative Record are as follows:
