ORDER OF THE BOARD (by T.E. Johnson):

On July 6, 2005, complainant, the Office of the Attorney General, on behalf of the People of the State of Illinois (People), filed a one-count complaint against respondent, Lake Egypt Water and Wastewater District (District). The complaint concerns the District's water filtering and purification plant at 11484 Lake of Egypt Road in Marion, Williamson County. The parties now seek to settle without a public hearing.

Under the Environmental Protection Act (Act) (415 ILCS 5 (2004)), the Attorney General and the State's Attorneys may bring actions before the Board to enforce Illinois' environmental requirements on behalf of the People. See 415 ILCS 5/31 (2004); 35 Ill. Adm. Code 103. In this case, the People allege that the District violated the Act (415 ILCS 5/18 (2004)) and the Board's regulations on primary drinking water standards (35 Ill. Adm. Code 611.383(d), 611.385) by failing to demonstrate that total organic carbon (TOC) removal ratio levels either complied with Step 1 TOC% removal requirements or met alternative compliance criteria.

On September 11, 2006, the People and the District filed a stipulation and proposed settlement, accompanied by a request for relief from the hearing requirement of Section 31(c)(1) of the Act. 415 ILCS 5/31(c)(1) (2004). This filing is authorized by Section 31(c)(2) of the Act (415 ILCS 5/31(c)(2) (2004)), which requires that the public have an opportunity to request a hearing whenever the State and a respondent propose settling an enforcement action without a public hearing. See 35 Ill. Adm. Code 103.300(a). Under the proposed stipulation, the District does not admit the alleged violations, but agrees to pay a civil penalty of \$6,400.

The Board provided notice of the stipulation, proposed settlement, and request for relief from hearing. The Board published newspaper notice in the *Marion Daily Republican* on October 3, 2006. The Board did not receive any requests for hearing. The Board grants the parties' request for relief from the hearing requirement. See 415 ILCS 5/31(c)(2) (2002); 35 Ill. Adm. Code 103.300(b).

Section 103.302 of the Board's procedural rules sets forth the required contents of stipulations and proposed settlements. 35 Ill. Adm. Code 103.302. These requirements include

stipulating to facts on the nature, extent, and causes of the alleged violations and the nature of the respondents' operations. Section 103.302 also requires that the parties stipulate to facts called for by Section 33(c) of the Act (415 ILCS 5/33(c) (2004)), which bears on the reasonableness of the circumstances surrounding the alleged violations.

As previously stated, the District does not admit the violations alleged in the complaint, but agrees to pay a civil penalty of \$6,400. The stipulation also addresses the factors of Section 42(h) of the Act (415 ILCS 5/42(h) (2004), *as amended by* P.A. 93-575, (eff. Jan. 1, 2004), which may mitigate or aggravate the civil penalty amount. The People determined that a civil penalty of \$6,400 was appropriate.

The People and the District have satisfied Section 103.302. The Board accepts the stipulation and proposed settlement.

This opinion constitutes the Board's findings of fact and conclusions of law.
