SUBMISSION OF CERTIFICATE OF PUBLICATION IN AS 2007-2

Petitioner Illinois-American Water Company ("Illinois-American"), by its attorney Bradley S. Hiles, hereby submits the certificate of publication of the legal notice required by 35 Ill. Adm. Code 104.408 in connection with the above-captioned matter. In support of this SUBMISSION OF CERTIFICATE OF PUBLICATION IN AS 2007-2, Illinois-American states as follows:

1. On October 31, 2006, Illinois-American filed its PETITION FOR EXTENSION OF ADJUSTED STANDARD in AS 2007-2.
2. Pursuant to 35 Ill. Adm. Code 104.408, Illinois-American caused publication of a notice beginning on November 4, 2006 and ending November 7, 2006 in The Telegraph, a newspaper published in the city of Alton, county of Madison, and state of Illinois, and of general circulation throughout said county, in which Illinois-American's public water supply treatment facility (the "Alton facility") is located.
3. 35 Ill. Adm. Code 104.410 requires Illinois-American to file with the Board within 30 days after the filing of the petition a certificate of publication issued by the publisher of the petition notice in accordance with Section 1 of the Notice by Publication Act [715 ILCS 5/1] certifying the publication of that notice.
4. Section 1 of the Notice by Publication Act requires the certificate of the publisher to include a written or printed copy of the notice, a statement of the number of times which the notice was published, and a statement of the dates of the first and last papers containing the notice. The attached certificate of publication was issued by The Telegraph in accordance with these requirements.

WHEREFORE, Illinois-American respectfully submits this SUBMISSION OF CERTIFICATE OF PUBLICATION IN AS 2007-2.

Respectfully submitted,

ILLINOIS-AMERICAN WATER COMPANY

NOTICE OF PETITION BY ILLINOIS AMERICAN WATER COMPANY FOR AN ADJUSTED STANDARD BEFORE THE ILLINOIS POLLUTION CONTROL BOARD
 TAKE NOTICE THAT on October 31, 2006, Illinois-American Water Company ("Illinois-American"), located at 100 North Water Works Drive, Belleville, IL 62223, filed with the Illinois Pollution Control Board a petition for extension of an adjusted standard. The Board Docket Number assigned to this proceeding is AS 2007-2.

125 BUSINESS OPPORTUNITIES

Illinois-American owns and operates a public water supply treatment facility in Alton, Illinois (the "Alton facility"). The Alton facility, located on Illinois Route 100 near River Mile 204 of the Mississippi River, withdraws water from the River, clarifies and filters the river water, and discharges to the River effluent containing iron and sediments present in the river water and residuals from coagulants added during treatment. The discharges are done under the authority of an adjusted standard granted by the Board in 2000, known as AS 99-6. AS 99-6 will expire on October 16, 2007. By its petition, Illinois-American seeks an extension to AS 99-6 from the effluent standards for offensive discharges (35 Ill. Adm. Code 304.106), total suspended solids (35 Ill. Adm. Code 304.124), and total iron (35 Ill. Adm. Code 304.124), as well as the state's general use water quality standard for offensive discharges (35 Ill. Adm. Code 302.203).
