NOTICE OF ADOPTED AMENDMENT

For a more complete description of this proposal see the Board's January 4, 2007, order in Proposal of Vaughan & Bushnell Manufacturing Company of Amendment to a Site-Specific Rule 35 Ill. Adm. Code 901.121 (R06-11). The Board is adopting site specific amendments to an existing site-specific noise rule to allow the Vaughan & Bushnell Manufacturing Company (V&B) to extend the operational levels of its forging facility located at the intersection of Davis and Main Streets, Bushnell in McDonough County. The adopted amendments will allow V&B to operate 24-hours a day.

The amendments are based on a request filed by V&B on October 20, 2005. In its proposal for the rulemaking and at the hearing in this rulemaking, V&B stated that it needed an extension on its operational hours to allow it to operate a third shift at its facility. V&B stated that it produces hammers, hatchets, heavy striking tools, and pry bars, and has contracts with distributors that require timely delivery of its products.

In considering the character of the surrounding areas and land uses, the Board found that the V&B facility is appropriately located in an area that is heavily industrial in nature, and that the adopted amendments would not have an adverse environmental impact on the area.

- 16) Information and questions regarding these adopted amendments shall be directed to:
