Illinois Pollution Control Board  
Case 2006-184

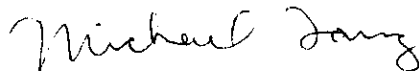

To whom it may concern:

I support the Peoria County Board's decision to deny Peoria Disposal Company's request for a permit to expand its hazardous waste landfill.

This landfill sits over the aquifer that is the Peoria area's main water source. It is also upwind of the city. With such risks to the water and air of a large population, this is a horrible location for toxic waste disposal. The landfill should certainly not be expanded.

Please deny PDC's appeal of PCB's decision.

Sincerely,

Michael Lang
