To Whom It May Concern:

As a mother of a new baby living in Peoria, IL, I find Peoria Disposal Co.'s proposal to expand its' hazardous toxic waste land landfill frightening. Tripling the toxic waste landfill that sits over Peoria's water supply is sure to produce disastrous outcomes for the people of my community. Please do not let Peoria Disposal Co. further risk the health and safety of my family. Do not overturn the Peoria County Boards' decision to deny expansion of the hazardous waste landfill near Pottstown.

Sincerely,

Angie O'Connor
