STATE OF ILLINOIS
Pollution Control Board

To whom it may concern:

My husband and I are about to become grandparents. Our youngest daughter is pregnant with twin girls. It is very important to us that we are able to provide clean healthy water for our family. We don't want to constantly have to worry in the back of our minds about the safety of our water supply, and the potential danger of a hazard waste contamination. We support the Peoria County Board's decision against the hazardous landfill dump.

Very concerned,
