RE: Peoria County/Peoria Disposal Company

*PC#194*

Dear Sir or Madam:

As a lifelong resident of Peoria County, I can't tell you how concerned I am about Peoria Disposal Company's attempt to enlarge their current facility and obtain authority to dump more hazardous toxic waste in their landfill. I believe that it is clear that the majority of Peoria County residents. Their hope is reflected in the Peoria County Board's decision to deny the Petition. It seems to me that the safety of the current residents of Peoria County and the future residents are balanced against a small group of people who would benefit financially from the landfill being expanded.

If our democracy in America is to mean anything, the wishes of the people with respect to this decision must be honored and upheld. It is my sincere hope that you will respect those wishes and deny Peoria Disposal Company's appeal.

The future of our children is surely more important than Peoria Disposal's desire to make more money.

Sincerely,

Chester C. Fuller
