CLERK'S OFFICE

Board Members APR 02 2007 pch 217

STATE OF ILLINOIS
Pollution Control Board
Please don't let the Board of
P.D.C. profit at the expense of our
health here in peoria. The blatant
disregard of toxic pollution and
health issues shows P.D.C.'s lack
of ethical concern for the citizens
of this community. They put profit
and convenience above all else thus
threatening our water supply and
air quality. This toxicity not only
harms us now but all our children
of the future. please deny the
expansion. Thank you

Danlon Ellis
