# **NARRATIVE INSPECTION REPORT**

Date: June 12, 2007 Inspector: Sheila Williams & Rob Mileur

Site Code: 1818580001 County: Union

Site Name: Mill Creek/Prieb – Dillavou - Gaines Time: 11:35 A.M. – 12:00 P.M.

## **GENERAL REMARKS**

On June 12, 2007 Rob Mileur & I conducted an inspection of the Mill Creek/Prieb – Dillavou - Gaines dump site. On October 3, 2006, the initial inspection revealed apparent violations pertaining to open dumping & open burning. During the first inspection, Paul Gaines (at that time referred to as Margaret Dillavou's boyfriend) said he had not been hauling tires to the site, but had been burning trash. He was told of the proper way to clean up the site. Following the Administrative Citation Warning Notices (ACWN'S) that were sent to the responsible parties, three extensions were granted at the request of Margaret Dillavou. Current records at the Union County Supervisor of Assessments Office indicate that Carol G. Prieb is still the Trustee & Margaret Dillavou is still the Guardian for the property on which this site is located.

The purpose of the current inspection was to determine if compliance had been achieved. Upon arrival, I spoke with Margaret Dillavou. She said her fiancé had been occasionally been working at the site. Ms. Dillavou, also, said they have the property for sale. She said it would be alright for us to go to the sight to take a look at things.

The same area of apparent violations was observed again. This has been designated as Area A. It appeared as though open dumping & possibly open burning were ongoing in a ravine. Wastes observed included, but were not limited to, glass bottles, demolition debris, a variety of metal & plastics, ash, tire wires & general refuse. Much of the debris was charred. It was apparent that additional open dumping had occurred

since the former inspection. A metal frame that appears to have originated as a swing or glider was present that had not previously been observed. Also, two pieces of mail addressed to Margaret Dillavou at 405 Barkhausen Lane were present. One was a magazine dated February 2007 & the other was labeled as Spring & Summer 2007. Area A is estimated to be approximately 14 cubic yards (20'x12.5'x1.5') in size.
