The PEOPLE OF THE STATE OF ILLINOIS, *ex rel.* LISA MADIGAN, Attorney General of the State of Illinois, on her own motion and at the request of the ILLINOIS ENVIRONMENTAL PROTECTION AGENCY, complain of the Respondent, ISAACSON CONSTRUCTION, INC., as follows:

COUNT I

HAZARDOUS WASTE DISPOSAL

1. This Complaint is brought by the Attorney General on her own motion and at the request of the Illinois Environmental Protection Agency ("Illinois EPA"), pursuant to the terms and provisions of Section 31 of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31 (2004).

2. The Illinois EPA is an agency of the State of Illinois created by the Illinois General Assembly in Section 4 of the Act, 415 ILCS 5/4 (2004), and charged, *inter alia*, with the duty of enforcing the Act in proceedings before the Illinois Pollution Control Board ("Board").

3. The Respondent, ISAACSON CONSTRUCTION, INC. is an Illinois corporation in good standing and operates at 1300 Fort Jesse Road, Normal, McLean County, Illinois ("facility").

4. Section 21 of the Act, 415 ILCS 5/21 (2004), provides, in pertinent part, as follows:

No person shall:

a. Cause or allow the open dumping of any waste.

* * *

e. Dispose, treat, store or abandon any waste..., except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

f. Conduct any hazardous waste-storage, hazardous waste-treatment or hazardous waste-disposal operation:
1) without a RCRA permit for the site issued by the Agency under subsection (d) of Section 39 of this Act,...
2) In violation of any regulations or standards adopted by the Board under this Act,...

* * *

5. Section 3.385 of the Act, 415 ILCS 5/3.385 (2004), provides as follows:

"REFUSE" means waste.

6. Section 3.535 of the Act, 415 ILCS 5/3.535 (2004), provides as follows:

"WASTE" means any garbage . . . or other discarded material, including solid, liquid, semi-solid, or contained gaseous material resulting from industrial, commercial, mining and agricultural operations, and from community activities,

* * *

7. Section 3.305 of the Act, 415 ILCS 5/3.305 (2004), provides as follows:

"Open dumping" means the consolidation of refuse from one or more sources at a disposal site that does not fulfill the requirements of a sanitary landfill.

8. On October 23, 2003, Illinois EPA received a citizen complaint stating that approximately 15 to 20 drums of hazardous liquid were buried at the facility because of a pending inspection. The complainant detailed the location of the facility, the specific disposal area on-site, and the manner in which the wastes were disposed.

9. On November 18, 2003, Illinois EPA drove by the facility.

10. On November 18, 2003, the area at the facility that the complaint mentioned as the burial site had disturbed soils.

11. On November 19, 2003, Mr. David Isaacson, President of Isaacson Construction, Inc., stated that the employees had buried drums of used oil and concrete sealer in a hole in the area described by the complainant.

12. The drums contained used motor oil, rainwater, and two types of concrete sealant, Graywall Waterproofing and Rub-R-Wall Waterproofing.

13. On April 26, 2004, approximately 50 55-gallon drums were unearthed and placed into trucks for disposal at Clinton Landfill.

14. On April 26, 2004, approximately 12 used tires and some scrap metal was unearthed.

15. On April 26, 2004, all of the unearthed drums were crushed, but some still held liquids.

16. On April 26, 2004, one drum, when punctured during removal, leaked rainwater and used oil.

17. On April 26, 2004, several drums leaked green, thick, viscous liquid identified as concrete sealer.

18. On April 26, 2004, one drum leaked a silver-gray liquid.

19. On April 26, 2004, a sample of the silver-gray liquid was taken. Analysis of the sample revealed it had a flashpoint less than 70° Fahrenheit.

20. The silver-gray liquid is a hazardous waste pursuant to Section 721.103 of the Board's Hazardous Waste Regulations, 35 Ill. Adm. Code 721.103, because it exhibited the characteristic of ignitability as defined by Section 721.121(a) of the Illinois Pollution Control Board's ("Board") Hazardous Waste Regulations, 35 Ill. Adm. Code 721.121(a).

21. The 55-gallon drums and their contents are waste and refuse as defined by Sections 3.535 and 3.385 of the Act, 415 ILCS 5/3.535, 3.385 (2004).

22. The facility is not permitted as a waste-disposal operation by the Illinois EPA.

23. By burying the waste, Respondent open dumped in violation of Section 21(a) of the Act, 415 ILCS 5/21(a) (2004).

24. Respondent disposed of waste at a facility that does not meet the requirements of the Act or regulations thereunder, in violation of Section 21(e) of the Act, 415 ILCS 5/21(e) (2004).
