ILLINOIS ENVIRONMENTAL PROTECTION AGENCY'S STATUS REPORT

NOW COMES the Illinois Environmental Protection Agency ("Illinois EPA"), by one of its attorneys and, pursuant to the Hearing Officer's Order of November 2, 2007, files this Status Report.

On August 27, 2007, the Hearing Officer cancelled the scheduled hearings in the above matter pursuant to the Illinois EPA's Motion of August 23, 2007. The Illinois EPA's August Motion indicated that new modeling would be shared with the public in October. On October 4, 2007, the Illinois EPA met with the public, including the interested parties to this rulemaking, to share the new modeling. On October 31, 2007, the Illinois EPA indicated that it was engaged in discussions with the interested parties and would have further details within three weeks of how it would like to proceed with this docket. The Illinois EPA has had discussions with interested parties, and intends to continue to do so as this matter proceeds.

The Illinois EPA's current plan is to submit a modified proposal to the Board before the end of December 2007. Prior to providing such a proposal to the Board, it plans to share a draft with interested parties.

The Illinois EPA respectfully submits this Status Report.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY
