STATE OF ILLINOIS
Pollution Control Board

PCT#13

Nov. 17, 2007

Dear Ms. Webb -

I attended the Nov. 6 meeting
in Rm. 403 Peoria County
Board - Mr. Edwards of
PDC testified at length
with hyped chemical jargon
describing PDC's "new product"
waste mixed with "reagents =
cement" to create a large
brick of solid waste.

A NEW PRODUCT - Really?

My HOPE - PDC will NOT fool
your eyes & ears.

My Hope you will listen to
citizens.

PDC has been denied by our
County Board & the IEPA.

Please deny PDC's expansion.
Marilyn Copp
