THOMPSON CENTER.

PURPOSE OF HEARINGS: Merit and Economic

ATTENDING BOARD MEMBER: Andrea S. Moore

HEARING OFFICER: Timothy J. Fox

In compliance with the Americans with Disabilities Act and other applicable federal and State laws, the hearing will be accessible to individuals with disabilities. Persons requiring auxiliary aids and services should contact John Theriault, Assistant Clerk of the Board, at 100 West Randolph St., Suite 11-500, Chicago, Illinois 60601, at telephone number 312/814-6931, fax number 312/814-3669, or TDD number 312/814-6032, five days prior to the hearing.

HEARING OFFICER ORDER

On January 2, 2008, the Board received from the Illinois Environmental Protection Agency (Agency) a proposal to adopt a new Part 223 of the Board's regulations, which would address emissions of volatile organic material (VOM) from various consumer products, architectural and industrial maintenance products, and aerosol coatings. In an order dated January 24, 2008, the Board accepted the proposal for hearing and directed the hearing officer to proceed to hearing.

The Board will conduct two hearings in order to allow the proponent and any other interested participants the opportunity to present testimony on the merits and economic impact of the rulemaking proposal. At hearing, all persons who testify will be sworn in and subject to questioning. The Board will also receive any testimony on any economic impact study (EcIS) conducted by the Department of Commerce and Economic Opportunity (DCEO) on the proposed rules or on DCEO's decision not to perform an EcIS.

As indicated above in the notice of hearings, the first hearing will begin on Wednesday, April 30, 2008, and will continue, if business remains at the end of the hearing on that day, on Thursday, May 1, 2008. The second hearing is scheduled to begin Wednesday, June 4, 2008, and will continue, if business remains at the end of the hearing on that day, on Thursday, June 5, 2008.

Pre-Filing Deadlines

Participants who intend to testify must pre-file their testimony and serve the testimony on the hearing officer and all persons on the Service List. Before filing pre-filed testimony or any other document with the Clerk, please check for the most recent version of the Service List with the hearing officer or the Clerk's Office.

Participants in the first hearing are directed to pre-file all of their testimony and any related exhibits no later than Wednesday, April 16, 2008. Under Section 27 of the Environmental Protection Act (415 ILCS 5/27 (2006)), the first hearing is not limited to the testimony of the proponent. But, the hearing officer presently intends to allow the Agency as proponent to present the testimony of all of its witnesses before hearing the testimony of other participants. Therefore, any person wishing to testify at the first hearing should pre-file their testimony by April 16, 2008. Participants wishing to testify at the second hearing are directed to pre-file all of their testimony and any related exhibits no later than Wednesday, May 21, 2008.

The "mailbox rule" at 35 Ill. Adm. Code 101.300(b)(2) does not apply to the filing of this pre-filed testimony, and the Board's Clerk must therefore receive these documents before the close of business on the specified dates. However, pre-filed testimony and other documents may be filed electronically through the Clerk's Office On-Line (COOL) from the Board's Web site at www.ipcb.state.il.us. Any questions about electronic filing through COOL should be directed to the Clerk's Office at (312) 814-3629.

Order of Hearings

All pre-filed testimony will be entered into the record as if read. *See* 35 Ill. Adm. Code 102.424(f). A brief summary of testimony will be allowed if a witness wishes to provide one before responding to questions. Participants who do not pre-file testimony will be allowed to testify as time permits after the conclusion of pre-filed testimony and questions based upon it. Similarly, any participant who wishes to offer a public comment will be allowed to do so as time permits at the close of pre-filed testimony and the questions based upon it. Consequently, any person wishing to testify at either of the two hearings is urged to pre-file their testimony in order to ensure that they have an opportunity to testify. In addition, the Board's procedural rules provide that "[t]he Board will accept written comments from any person concerning the proposed regulations during the first notice period." 35 Ill. Adm. Code 102.604.

The hearing scheduled to begin on April 30, 2008, will begin with the Agency's presentation of its case as the proponent. After the Agency has answered all questions from other participants, and if time permits before the conclusion of the first hearing, other persons who have pre-filed may testify. The Board has reserved sufficient time for each hearing and anticipates that any person who wishes to testify will have an opportunity for testimony and any cross-examination. In the event that any person who pre-files testimony for the first hearing cannot testify on April 30, 2008, because time does not allow it, that person will be given priority to testify on May 1, 2008.

The June 4, 2008 hearing will begin with any testimony from any participant who pre-filed testimony for the first hearing and who was not able to testify at that time. Participants who pre-filed testimony for the second hearing will then present that testimony. In the event that any person who pre-files testimony for the second hearing cannot testify on June 4, 2008, because time does not allow it, that person will be given priority to testify on June 5, 2008.

Any participant who wishes to offer a public comment at either hearing will be allowed to do so if time permits at the close of pre-filed testimony and the questions based upon it. Again, written public comments may be submitted to the Board. *See* 35 Ill. Adm. Code 102.604.

The hearing officer, upon agreement of the participants or upon motion to the hearing officer, may change the order of testimony at these hearings. *See* 35 Ill. Adm. Code 102.420, citing 35 Ill. Adm. Code 101.Subpart F.

Service and Notice Lists

The Service List for this rulemaking is the list of persons who wish to participate actively in this proceeding and receive not only the Board's opinions and orders but also other filings such as pre-filed testimony and public comments.

The Notice List includes participants who wish to receive only the Board's opinions and orders and hearing officer orders. The Board begins this rulemaking proceeding by including in the Notice List each of the approximately 600 potentially affected manufacturers listed in the Agency's Appendix A to its Technical Support Document.

While the Board will mail a copy of this hearing officer order to each of those entities, the Board will mail copies of any subsequent opinions and orders only to those who specifically indicate that they wish to remain on the Notice List for this proceeding. Any entity wishing to remain on the Notice List must provide the information requested in the form attached to this order as Attachment A and return the completed form to the Board by Friday, March 7, 2008. In order to clarify the record in this proceeding, Attachment B to this order contains the names and addresses of all of the entities listed by the Agency in its Appendix A and to which the Board has mailed this first hearing officer order.

Note that interested persons may now request electronic notice of filings by providing their e-mail address through COOL under this docket number: R08-17. This electronic notice includes notice of the filing of documents that are not typically provided to persons on the Notice List. In addition, COOL provides links to documents filed with the Board, and those documents can be viewed, downloaded, and printed free of charge as soon as they are posted to the Board's Web site. For more information about the option of electronic notice or COOL, consult either the Board's Web site at www.ipcb.state.il.us or John Therriault, the Board's Assistant Clerk, at (312) 814-3629.

IT IS SO ORDERED.
