April 19, 2008

Dear Illinois Pollution Control Board,

I am writing concerning case PCB-08-42, the Illinois EPA's renewal of Peoria Disposal Company's operating permit. Prior to the renewal, you upheld the decision by the Peoria County Board to deny PDC's expansion request. The Illinois EPA denied PDC's permit modification that would have exempted it from the County Board's authority and you upheld that decision as well. Please send the permit back and make sure that the Illinois EPA monitors test wells more frequently. Please make sure that PDC's own labs are not the only labs to test water samples! Do not allow PDC to push the closure date further into the future! It needs to close next year. Please keep Peoria County safe!
