Pollution Control Board

re: site code 0778145021

Mr. Sherrault,

When the inspector came by Arthur Cross was in the process of tearing down a mobile home, but as of a few days later it was cleared and clean. He tried to do it in a timely manner but apparently he wasn't quick enough, because he had to work to support his family. He is an over the road trucker.

The wood & insulation went to the landfill and the metal parts went to the recycle center.

I, Lester Johnson, sold the property to Mr. Cross contract for deed and had no part in the destruction of the mobile home. I have been keeping in contact to make sure the property stays clean.

Don Terry of the Jackson County Health dept came today and had me dig 7 holes to make sure nothing is buried and agreed the property is clean
