STATE OF ILLINOIS
Pollution Control Board

Response to Complaint PCB 09-35

1.) There was no discharge of any contaminant to any waters of the state.

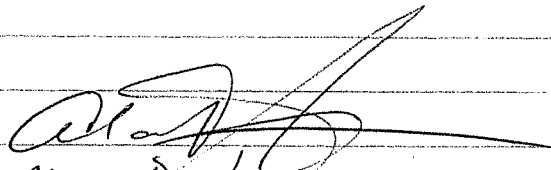

2. I did not place contaminants on the land as to create a pollution hazard

3. I did not pollute so need no NPDES permit

4. I did not land apply above practical limits.

5. I did not pollute any waters of the state.

Note; EPA's own tests verify that pollution of state waters did not occur.
