Second Request to Expedite

As stated in the Jan 6th, 2009 motion, the Complainants are hoping for a resolution or relief before the summer months of 2009 when the Complainants are most affected by the noise referenced in the initial complaint and are more likely to be outside. The Respondents have still not provided an updated schedule, nor have they provided a color copy of the May 23, 2008 report or the Noise Study referenced in the March 2, 2005, VOLZ Plan Commission mtg, despite multiple requests. (The May 23rd, 2008 Noise Study refers to differing noise levels with red and blue lines, not discernable in the black and white copy sent to the Complainants.)

The Complainants have been working with **Noise Solutions by Greg Zak, Inc.** and expect to have an initial report from Mr. Zak on March 7th, 2009. Because the Complainants are eager to resolve this matter quickly, once the report has been made available to the Respondents and Respondent's Noise Consultant, the Complainants will make an attempt to negotiate a resolution with the Respondents. The Complainants fully respect the processes of the IPCB, however, the Complainants are only asking the Board to hold the Respondents to the schedule that the Respondents submitted.

The Complainants would like to discuss the new schedule or status of possible negotiations on the March 12, 2009 Status Call.

Respectfully submitted,
Joseph & Victoria Morrissey
