**AMEREN'S SUPPLEMENTAL RESPONSE TO INFORMATION  
REQUESTED DURING PUBLIC HEARING**

NOW COMES AMEREN ENERGY GENERATING COMPANY ("Ameren" or "the Petitioner"), by and through its attorneys, SCHIFF HARDIN, LLP, and submits additional information. On July 10, 2009, Ameren filed "Ameren's Supplemental Response to Information Requested During Public Hearing" ("Response"). In Section D of the Response, Ameren stated:

The [Illinois Environmental Protection] Agency requested a signed copy of the provisional variance granted by the Agency on October 24, 2007 (IEPA-08-14). Hot and humid weather conditions and lack of precipitation during September and October 2007 led to Ameren's request for a provisional variance. By the time the provisional variance was issued, these weather conditions no longer existed and Ameren did not execute the variance or utilize the relief granted.

Subsequent to filing the Response on July 10, 2009, and upon further review of Ameren's files, Ameren located a signed copy of the "certificate of acceptance" for the Ameren Energy Generating Company Coffeen Power Station Provisional Variance, IEPA 08-14. Ameren has attached the signed certificate of acceptance and a subsequent memorandum submitted to the Illinois Environmental Protection Agency ("Agency") dated November 8, 2007.

Ameren revises Section D of the Response to note that Ameren did in fact execute the provisional variance. As stated in the Response, however, and as indicated in the attached

November 8, 2007 letter, Ameren did not utilize the relief granted due to load reductions taken by Ameren as well as the unforeseen return to typical late October weather conditions. Ameren revises Section D of the Response as follows:

The Agency requested a signed copy of the provisional variance granted by the Agency on October 24, 2007 (IEPA-08-14). Hot and humid weather conditions and lack of precipitation during September and October 2007 led to Ameren's request for a provisional variance. Ameren executed the provisional variance on October 26, 2007. By the time the provisional variance was issued, however, the unseasonal weather conditions no longer existed and Ameren did not utilize the relief granted.

Respectfully submitted,

Ameren Energy Generating Company

**AFFIDAVIT OF JAMES L. WILLIAMS, JR.**

I, JAMES L. WILLIAMS, JR., having first been duly sworn, state as follows:

1. I am employed by Ameren Energy Generating Company ("Ameren"). I have served as the Plant Manager at the Coffeen Station from 2001 through June 2009. In that capacity I was responsible for the safe operation of Coffeen Station, and as such have knowledge of the economic analysis Ameren performed on the proposed 175,000 gallon per minute supplemental cooling tower, Ameren's 2007 provisional variance, as well as Ameren's plans to conduct additional fish studies of Coffeen Lake.
2. I have read Sections B, D, and E of the preceding Ameren's Response to Information Requested at Public Hearing.
3. The statements of facts contained therein are true and correct to the best of my knowledge and belief.

FURTHER, AFFIANT SAYETH NOT.

  
James L. Williams, Jr.

Subscribed and sworn to before me this 13<sup>th</sup> day of July, 2009.

  
NOTARY PUBLIC

**CERTIFICATE OF SERVICE**
