### **MOTION FOR EXTENSION OF TIME TO FILE AGENCY RECORD**

Respondent, ILLINOIS ENVIRONMENTAL PROTECTION AGENCY ("Illinois EPA" or "Agency"), through its attorney, LISA MADIGAN, Attorney General of the State of Illinois, and Assistant Attorney General Rebecca Burlingham, her duly appointed assistant, respectfully moves the Illinois Pollution Control Board ("Board") to extend the time for filing the Agency record. In support thereof, the Illinois EPA states as follows:

1. On September 30, 2009, the Illinois EPA issued to ExxonMobil Oil Corporation ("Petitioner") a final NPDES permit that contained, among other things, a limitation and condition on ammonia nitrogen concentrations at Outfall 1.

2. On November 4, 2009, the Petitioner filed with the Board a petition for review of the limitation and condition relative to ammonia nitrogen concentrations contained in the NPDES permit ("Petition for Review").

3. In an order entered November 19, 2009, the Board required the Illinois EPA to file the entire record of its determination by December 6, 2009. The Board further ordered: "If the Agency wishes to seek additional time to file the record, it must file a request for extension before the date on which the record is due to be filed."

4. On November 5, 2009, the Illinois EPA's Division of Legal Counsel received the Petition for Review. On November 24, 2009, Assistant Attorneys General Rebecca Burlingham and Vanessa Vail filed their appearances as counsel for the Illinois EPA.

5. The administrative record is due to be filed 12 days after counsel filed their appearances. Although the Illinois EPA and Office of the Attorney General will make every effort to compile and file the record on or before that deadline, additional time may be necessary to prepare a complete record in compliance with 35 Ill. Adm. Code 105.212(b).

Therefore, the Illinois EPA respectfully requests the Board to extend the time for filing the Agency record for an additional 90 days.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY
