Mr. Therriault

What is the function of the
EPA.

To sit behind the desk and
listen to the wall street
lawyers

They lied I have lived
at 9251 Latrose since 1955.
When my mother became
disabled I took over the house

I complained to the Village
of Skokie for 7 years
before I filed this complaint
They like you did nothing
When I first complained
about the noise

Com Ed came out Village
of Skokie came out

The idiot took a decibel meter
& held it to the ground
& said nothing

I asked every person there
if they would like to live
here with this noise

Every one of them said NO.
That's when I filed.

If I knew that the EPA
wouldn't investigate
& just listen to the high
price lawyer said to you

RECEIVED
CLERK'S OFFICE

I Knew The old saying
you can't fight city hall
I went and purchased
a decibel meter & it
read a constant 68 decibels
you didn't once come out
& investigate.

The reason I let Com Ed
extious was because
They promised to do
something about the noise
after all the extensions &
lies from the Com Ed
rep. They didn't even they
promised me

I want to appeal this
decision & would like
The EPA to come out &
talk to me & listen to
the noise & bring a decibel
meter and take reading

It's unbearable at night
Please look into this &
don't listen to the high
price lawyers that I
can't afford

Agem I want an appeal &
you to investigate the noise
& NOT take how the lawyers
TWIST THE FACTS
