Narrative Inspection Report

Site #: 0818105002 – Jefferson County

Site Name: Mt. Vernon / Jr's Mobile Home Sales, Inc.

Date of Inspection: January 9, 2012

Inspector: Garrison Gross

Subject: Open Dumping Site Inspection at Jr's Mobile Home Sales, Inc. Property

General Remarks: An Open Dumping Site Inspection was conducted on January 9, 2012, at property owned by Jr's Mobile Home Sales, Inc. The inspection was conducted by Garrison Gross and Phillip Fatka representing the Illinois EPA Bureau of Land. The property is located at ~1195 East Radio Tower Road, Mt. Vernon, Illinois 62864. The inspection was performed as a follow up to two complaint (C-12-001 and C-12-003) alleging improper demolition, open burning and blowing insulation. The inspection began at approximately 10:45 a.m. Weather conditions at the time of the inspection were partly cloudy skies, 43° F, with a light breeze. Surface conditions at the site were damp.

Inspection Findings: We drove on East Radio Tower Road and observed the site. The property is surrounded by a chain-link fence. Several mobile homes were observed at the site. General demolition debris was scattered over most of the site. We did not observe anyone working at the site and the gate was open. We entered the property and continued the inspection by walking and photographing the site.

Nine (9) intact mobile homes were observed at the property. They appeared to be of various ages and conditions. It appeared that at least thirteen (13) mobile homes had been demolished at the site (photos 001-003, 005 and 007). General demolition debris including but not limited to: insulation, dimensional lumber, plywood, siding, glass, windows, paneling and carpeting were observed at the site. A backhoe was observed at the site and it appeared that the metal was being salvaged from the mobile homes. No roll-off-boxes or dump trailers were observed at the site. Several pieces of insulation and carpeting were observed offsite (photos 008-011).

Approximately forty (40) used / waste tires were observed at the site (photos 004 and 006). Some of the tires were off the rim and contained water. We observed evidence that a cutting torch had been used but there was no evidence of open burning. Three vehicles with license plates were observed at the site: truck (plate # 308506 D), flat bed trailer (temporary tag # 305N860), and camper (plate # 495275 R/T). Approximately 800 cubic yards of demolition waste were observed at the site. The inspection ended at approximately 11:00 a.m.

Additional Remarks: Information concerning property ownership / control was obtained through tax records from the Supervisor of Assessment's Office in Jefferson County. The tax bill is mailed to Jr's Mobile Homes, Inc., George Xanders, Jr., 100 Knova Lane, Fairfield, Illinois 62837. Alan W. Xanders is listed with the Secretary of State as the Registered Agent for the business. The property is referred to as parcel 07-07-151-001 and contains approximately 7.00 acres.

At approximately 12:15 p.m., we drove to CMH Homes, Inc. (a/k/a Freedom Homes Mt. Vernon Dream Homes), 11884 N. Ryegrass Lane, Mt. Vernon, Illinois 62864. We met with Alan Xanders,

January 9, 2012
0818105002 – Jefferson County
Mt. Vernon / Jr's Mobile Homes, Inc.

General Manager. We identified ourselves and explained the reason for the inspection. We asked Mr. Xanders about the site and the demolition of the mobile homes. Mr. Xanders stated that he was part owner of the site and he had made a verbal agreement with David Moser to remove the mobile homes from the property. He said he did not know that Mr. Moser was going to demolish the structures at the Radio Tower site. He said he recently became aware of the situation. Mr. Xanders provided the telephone number for David Moser but could not provide an address.

We informed him that all waste would need to be removed from the site and hauled to a permitted landfill or transfer station. We told him that landfill receipts would need to be submitted to document proper disposal. Mr. Xanders agreed to get it cleaned up. We informed Mr. Xanders that future demolition activities should be limited to one or two mobile homes at a time and waste materials should be immediately contained in roll-off-boxes or dump trailers. He commented that in the future, he would probably take the mobile homes straight to the landfill.

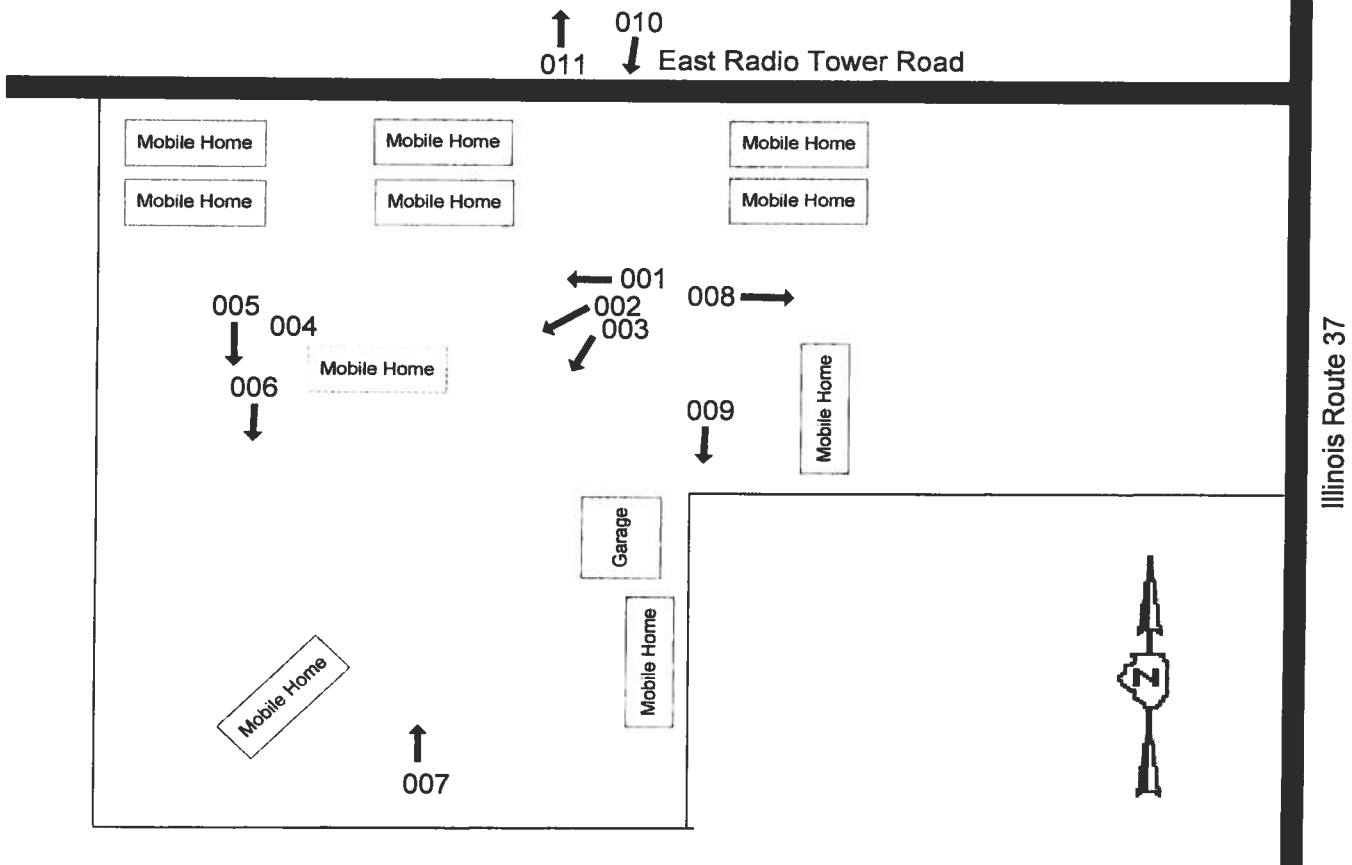

At approximately 2:00 p.m., I telephoned Mr. David Moser. I explained the situation and informed him that all of the waste would need to be removed from the site and hauled to a permitted landfill or transfer station. Mr. Moser asked about burning the waste at his home. I informed him that it was a violation of IEPA regulations to burn demolition waste. I told him that landfill receipts would need to be submitted to document proper disposal. Mr. Moser agreed to clean it up. I informed him that future demolition activities should be limited to one or two mobile homes at a time and waste materials should be immediately contained in roll-off-boxes or dump trailers. I also informed him that he was not authorized to bring mobile homes back to his property for demolition purposes. Mr. Moser's address is 13546 North Harmony Lane, Opdyke, Illinois 62872.

Case History: The Agency received a complaint (C-98-078) on November 26, 1997. The site was inspected on March 13, 1998. According to the inspection report, approximately 805 cubic yards of waste were located at the site. The wastes included but were not limited to: demolition debris, carpeting, broken glass, general refuse, and tires. The Agency issued an Administrative Citation Warning Notice to J.R. Mobile Homes, Inc., c/o Mt. Vernon Dream Homes for open dumping and open burning violations. Alan Xanders, President of Mt. Vernon Dream Homes responded to the ACWN on April 9, 1998. Disposal receipts were provided.
