ATTACHMENT 1

LIFE TODAY

Send wedding, birth, anniversary, engagement and birthday announcements to newtonpressmentor@pbsnewton.com or 700 W. Washington, Newton.

QUESTIONS? Contact editor Vanelle King at (618) 783-2324, or e-mail newtonpressmentor@pbsnewton.com.

ENGAGEMENTS

Meinhart - Frohning

Emily Meinhart of Carmi, Illinois and Jonathan Frohning of Inglewood, Illinois are proud to announce their engagement and upcoming marriage. Parents of the bride are Rick and Nancy Meinhart of Carleer, IL. Parents of the groom are Michael and Connie Frohning of Inglewood, IL. Emily graduated from Eastern Illinois University with a B.S. in Business-Finance. She is employed by the First National Bank of Carmi in Carmi, IL. Jonathan graduated from the University of Evansville with a B.S. in Athletic Training and Doctor of Physical Therapy. He is employed by ProRehab in Evansville, IN. The couple is planning on a June 23, 2012 wedding in Joseph Catholic Church in Island Grove, IL.

IRTHS

Levi Wayne Gier

Mike and Renee Gier of Wakefield, Illinois are proud to announce the birth of their son, Levi.

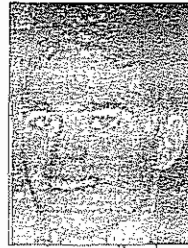

Paternal grandparents are Scott and Peggy Laugel of Newton. Paternal grandparents are Larry and Connie Roewe of Inglewood. Margaret and Lucas are welcomed home by Dylan, 15, and Nick, 21 months.

Pickens Wins Top Scholarship Award

The Pipeliners Voluntary Fund Scholarship Program (Local 798 of Tulsa, OK) is pleased to announce their scholarship winners. These students successfully completed the scholarship program requirements and were selected as the highest-ranking applicants. The recipients were chosen by an independent evaluator that scored the applicants according to factors such as their grade point average, the difficulty

level of their academic program, the strength of their recommendation letters, and the overall assessment of their essay. Dalton Pickens was the Harry Faucett Winner, a top scholarship honor. He graduated from Newton Community High School as the valedictorian of the Class of 2011. While in high school he was a member of the Beta Club and National Honors Society, as well as numerous other clubs. He is now at-

tending Rose-Hulman Institute of Technology in Terre Haute, IN and has been a member of the Dean's List in his previous two terms. Pickens intends to graduate with a Bachelor's Degree in Chemical Engineering. After graduation, he hopes to be employed in the fields related either to petroleum or nuclear energy. Pickens is the son of Teresa and Rex Pickens of Newton, 30 year Holpar

members as well as the grandson of Rita and King "Corky" Pickens, 48 year Retired Welder member.

Several adults were recruited to judge the Jr. High Science Fair on May 4th.

The Science Fair required several judges and much of the afternoon on May 4th for them to complete their judging of the dozens of student projects on display.

In Memory of Our Dad's and Grandpa's Birthdays

We thought about you with love today, but that is nothing new. We thought about you yesterday and the days before that too. We think of you in silence and often speak your name. All we have are memories and your picture in a frame. Your memory is our keepsake with which we will never part. God has you in His keeping. We have you in our hearts. Love Emma, Laura & Vanette

Thank You

The family of Allen Ochs would like to express our thanks to family, friends and neighbors for their support during Allen's illness and death. Thanks to Candy, Glenda, Holly and staff at Southeastern Illinois Hospice, Fr. Alan, musicians, servers and ladies of the parish and Blake-Buchanan funeral home for the beautiful service and meal. The family of Allen Ochs

Thank You

Thanks for all the prayers, phone calls, food, gas money & support. It's almost overwhelming to realize how many friends & family we have that love us and want to help! Please keep the prayers coming. Ron's pain is under control but he has a long road to travel. This trial has helped us appreciate every moment. God Bless everyone of you! Ron and Deb Slane

Pollution Variance

Ameren Energy Resources with sources located in Montgomery County, Fulton County, Peoria County, Massac County, Crawford County, Morgan County, and Jasper County has filed with the Illinois Pollution Control Board ("Board") a petition for variance under Title IX of the Environmental Protection Act ("Act") [415 ILCS 5/35-38]. The Board has the authority pursuant to Section 35 of the Act [415 ILCS 5/35] and 35 Ill. Adm. Code 104 to grant a variance. Ameren Energy Resources requests a variance from both the 2015 and 2017 sulfur dioxide emission rate provisions of the Illinois Multi-Pollutant Standard, 35 Ill. Adm. Code 225.233, specifically the sulfur dioxide emission standards set forth in Section 225.233(e)(3)(C)(iii) and (iv). Ameren Energy Resources seeks relief from Section 225.233(e)(3)(C)(iii) for five years beginning January 1, 2015, and ending December 31, 2019, and relief from Section 225.233(e)(3)(C)(iv) for four years, beginning January 1, 2017, and ending December 31, 2020. A copy of this variance petition may be obtained through the Clerk's Office at the Board. The Board's office address is Illinois Pollution Control Board, James R. Thompson Center, 100 West Randolph Street, Suite 11-504, Chicago, Illinois 60601 (telephone: 312/814-3620).

The Illinois Environmental Protection Agency ("Illinois EPA") solicits the views of persons who may be affected by the variance. Address any questions or inquiries to: Gina Roccaforte, Assistant Counsel, Division of Legal Counsel, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, Post Office Box 19376, Springfield, Illinois 62794-9276, telephone: 217/782-5544.

The Illinois EPA is preparing a recommendation, and, unless otherwise ordered by the hearing officer or Board, plans to file the recommendation on or before June 18, 2012. The record will remain open for written comments for 45 days after the filing of the recommendation and should be submitted to the Board at the address specified above. The record is available at the Board office for inspection, except those portions that are protected from disclosure under 35 Ill. Adm. Code 130. Procedures are available whereby disclosure may be sought by the public.

A hearing may be held after the filing of the recommendation. However, if a written objection to the variance and a request for hearing are received by the Board office, no later than twenty-one (21) days from the publication of this Notice, the Board must conduct a hearing on the petition.

Community living

Mason District Hospital to hold annual meeting

Havana, IL - In honor of those who helped make 2011-2012 a success, the Mason Hospital Auxiliary invites community members to attend the 54th Annual Meeting Volunteer Appreciation and Awards Luncheon on Friday, May 18th, 2012, at Grandpa's Restaurant in Havana. The event will begin at 11:00 a.m. The agenda will include lunch and a presentation by Mary Lascelles, Mason District Hospital Radiologic Technologist, in addition to a ceremony celebrating the great accomplishments achieved by our volunteers throughout the entire year.

"We are so grateful for all of our volunteers," commented Sharilyn Holtman, Volunteer and Development Coordinator for Mason District Hospital. "Collectively they have completed thousands hours of service (in 2011-2012) and have proven a true sense of dedication to Mason District Hospital, our mission, the patients we serve, and our community as a whole. The time, energy and expertise donated by all of our volunteers have made an incredible impact on our success, and prove to be a real asset to our entire community. We are so appreciative and cannot thank them enough."

Gift Shop or contact Sharilyn Holtman (309) 543-8508.

RSVP required on or before Wednesday, May 16, 2012.

Funds to Benefit the Purchase of Digital Mammography Equipment:

Digital mammography is a simple procedure that generates an X-ray of a woman's breast. This digital process differs from standard mammography in that it doesn't produce the X-ray images on actual film, but rather captures them to a computer monitor.

Digital mammography is utilized to detect breast cancer in women. By finding breast cancer early, doctors will have a better chance of removing it before it spreads.

Digital mammography has allowed doctors to have near instant results. With this digital

technology, doctors can see the breast images less than a minute after the actual scan, allowing them to quickly take action if necessary. Also, because these images are digital, they can be manipulated to give the doctors a better view of the breast tissue, allowing them to possibly detect things they may not have otherwise noticed. The digital images also make it easier to keep medical records and examine patient histories to look for patterns that may emerge.

The fact that the digital systems are much quicker and more convenient increases their appeal, regardless of the price.

The real advantage that has been established is the fact that digital mammography provides lower doses of radiation.

Christopher Jockisch and Jean Haacke.

Lewistown couple announces their engagement

Jean Haacke of Lewistown and Christopher Jockisch of Lewistown, formerly of Havana, are engaged.

She is the daughter of Kenneth Haacke of Lewistown and Karen Haacke of Canton. She graduated from Lewistown High School and is employed at OSF Saint Francis Medical Center in Peoria.

He is the son of Paul Jr. and Debbie Jockisch of Havana. He graduated from Havana High School and is employed at the US Embassy Kabul Afghanistan.

The couple plans to be married Oct. 13, 2012, at Lewistown.

CLUB CLIPBOARD

League of Democratic Women

The League of Democratic Women will hold their regular meeting at 12:30 p.m. on Monday, May 14, at Pizzu Hut.

Members are invited to eat lunch before the meeting.

Roy Miller 644

Fairview American Legion and Auxiliary

Fulton County Council of the American Legion will have supper at 6:30 p.m. and a meeting at 7 p.m. May 12 at the Ipava Legion Post.

Fairview American Legion Auxiliary will meet at 7 p.m. for supper Wednesday, May 16, at Bernadotte. This is for all members.

Fulton Schuyler County Council will meet at 1:30 May 17 at Astoria.

At 6 p.m. May 17-40 at 8 will meet at the Fairview Legion Post.

Roy Miller 644 American Legion will hold its annual supper meeting at 6 p.m. May 21 at the Airview Legion Post.

Memorial services will be held at Wiley and Airview on May 28.

BIRTHDAY NOTE

An Open House to celebrate the 90th birthday of Ma Quick Barrick will be given by her family from 5 p.m. Sunday, May 20, at the Church of the Azarene Fellowship Hall, 609 S. Third, Cuba.

Gifts are not necessary, but Barrick, whose birthday is May 24, would appreciate cards. Those not able to attend may send cards to her at 734 N. First St., Cuba, IL 61427.

REUNION NOTES

Canton High School Class of 1945

The Canton High School Class of 1945 will hold its monthly noon luncheon Tuesday, May 15, at the new Fifth Avenue Diner, formerly Maid Rite.

Canton High School Class of 1963

The Canton High School Class of 1963 will have a class luncheon at noon Friday, May 18, at the Landing.

White Chapel UMC to hold Mother-Daughter Banquet

White Chapel United Methodist Church will be holding a Mother-Daughter Banquet at 6 p.m. May 17.

The meal will be a potluck, and those attending are to bring a covered dish.

There is no charge for the event.

Send us your prom photos

When Fulton County promgoers dress up for that special occasion, lots of photos will be taken.

The Daily Ledger invites readers to send us those photos to be shared with the community.

We will run some submissions in the newspaper and all of them online at:

cantondailyledger.com

Send your photos to the Daily Ledger at:

communityliving@cantondailyledger.com

Mail submissions to us at P.O. Box 540, Canton, Ill. 61520

Deliver them to the office at 53 W. Elm St. in Canton.

Please include a daytime telephone number with your submission in case we have questions.

Your photos can also be submitted directly to our Local Loop webpage at:

cantondailyledger.com/localloop

Submissions will be accepted now through May 12.

Herrick-Grubb

The Herrick and Grubb family reunion will be held from noon to 3:30 p.m. Sunday, June 17, at the Donaldson Center at Wallace Park, Canton.

Those attending are to bring table service and a dish to share. Drinks will be provided.

Pollution Variance

Ameren Energy Resources with sources located in Montgomery County, Fulton County, Peoria County, Massac County, Crawford County, Morgan County, and Jasper County has filed with the Illinois Pollution Control Board ("Board") a petition for variance under Title IX of the Environmental Protection Act ("Act") [415 ILCS 5/35-38]. The Board has the authority pursuant to Section 35 of the Act [415 ILCS 5/35] and 35 Ill. Adm. Code 104 to grant a variance. Ameren Energy Resources requests a variance from both the 2015 and 2017 sulfur dioxide emission rate provisions of the Illinois Multi-Pollutant Standard, 35 Ill. Adm. Code 225.233, specifically the sulfur dioxide emission standards set forth in Section

225.233(e)(3)(C)(iii) and (iv). Ameren Energy Resources seeks relief from Section 225.233(e)(3)(C)(iii) for five years beginning January 1, 2015, and ending December 31, 2019, and relief from Section 225.233(e)(3)(C)(iv) for four years, beginning January 1, 2017, and ending December 31, 2020. A copy of this variance petition may be obtained through the Clerk's Office at the Board. The Board's office address is Illinois Pollution Control Board, James R. Thompson Center, 100 West Randolph Street, Suite 11-500, Chicago, Illinois 60601 (telephone: 312/814-3620).

The Illinois Environmental Protection Agency ("Illinois EPA") solicits the views of persons who may be affected by the variance. Address any comments or inquiries to: Gina Roccaforte, Assistant Counsel, Division of Legal Counsel, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, Post Office Box 19276, Springfield, Illinois 62794-9276, telephone: 217/782-5544. The Illinois EPA is preparing a recommendation, and, unless otherwise ordered by the hearing officer or Board, plans to file the recommendation on or before June 18, 2012. The record will remain open for written comments for 45 days after the filing of the recommendation and should be submitted to the Board at the address specified above. The record is available at the Board office for inspection, except those portions that are protected from disclosure under 35 Ill. Adm. Code 130. Procedures are available whereby disclosure may be sought by the public.

A hearing may be held after the filing of the recommendation. However, if a written objection to the variance and a request for hearing are received by the Board office, no later than twenty-one (21) days from the publication of this Notice, the Board must conduct a hearing on the petition.

Dow breaks 6-day losing streak

BY JOSKUA FREED
AP Business Writer

The Dow Jones industrial average broke a six-day losing streak Thursday, notching a small gain after the government released better unemployment numbers.

Before Thursday, the Dow had fallen six days in a row, its longest losing streak since August.

Investors have worried that job growth is fading. They were encouraged by a Labor Department report that applications for unemployment benefits dropped 1,990 to 367,000 in the week ending May 5.

That pulled the four-week average, which economists watch more closely, down to 379,000 — closer to the 375,000 level, which suggests job growth is strong enough to reduce the unemployment rate.

Eight out of 10 industry groups in the S&P 500 rose, with only materials and technology stocks declining. Utilities were the biggest gainers, up 0.9 percent, followed by health care and consumer staples.

Each stock closed down 0.8 percent, and the Nasdaq composite index fell 1.07 points to 2,933.61.

Networking gear maker Cisco Systems plunged 10.5 percent after warning that technology spending appears to be slowing and that its revenue would rise much less than analysts expected this quarter.

"I want to see you can't learn a lot about one thing or a little about a lot of things and I try to grasp as much as I can."

For Jones, it was all about the payoff and reward at the end of high school that kept him focused on and committed in his work, he said.

"You have to want it," said Peck, who had to give up many weekend activities to make time for her school work.

It's certainly a lesson in time management, Jones said.

Jones was thankful that Jacksonville High School provides many opportunities. For example, students that don't get a chance to take an art class, they can participate in art club, Peck said.

"It feels nice to know all your hard work paid off and you didn't give up as a senior," Weger said.

Gunny Fanning, president of the Jacksonville Area Chamber of Commerce, spoke about "The Games in Life" — encouraging students to learn to communicate, build camaraderie with one another and be a catalyst for good things.

Communication should be positive and clear and should include more attentive listening than active speaking, Fanning said.

Being competitive with one another, laughing and enjoying each other's company brings happiness, which makes people most productive and gives them the greatest sense of fulfillment, Fanning said. Being able to laugh at oneself is a valuable asset, as a good mood can be a stress eliminator.

"We're sending you out into a world that changes daily and challenges you constantly, but you have a strong foundation of friends and family to support you," Fanning said.

Students honored

- Jacksonville High School

doesn't get a response by the close of business Monday. Some analysts have been saying Avon is worth more.

Some other stocks that moved substantially or traded heavily:

Kohl's Corp., down \$2.20 at \$48.66. The department store chain said that its first-quarter profit dropped 23 percent as it cut prices on its goods this spring.

The E. W. Scripps Co., up 55 cents at \$9.61. An analyst upgraded the media company, which owns local newspapers and local television stations, to a "Buy" rating.

Monster Beverage Corp., up \$5.86 at \$71.17. The energy drink maker said that its profit climbed 38 percent in the first quarter on sales surpassing expectations.

Tesla Motors Inc., up \$2.90 at \$32.96. The electric car maker said sales fell and its first-quarter loss rose, but its new Model S will be ready earlier than expected.

Smith & Wesson Holding Corp., up 55 cents at \$7.36. An analyst initiated coverage of the gun maker with a "Buy" rating saying that more Americans are open to owning a gun.

PriceLine.com Inc., down \$37.51 at \$68.11. The travel site posted a 74 percent jump in first-quarter profits but gave an earnings prediction under Wall Street

His spotlight: Riding panther a tradition at EIU

By ERIC LINDSEY
Daily News-Courier

ROBINSON, Ill. (AP) — In some cities, bull riders in honky-tonks or rodeo arenas after taking on a wild steed. At Eastern Illinois University, riding the Marty's Panther is especially during spring break or Family Weekend at the university. The mascot depicts a panther on the back and curved ears caning Charleston's social scene. Well, as long as two panthers. The mascot is sitting or 'riding' the Panther's pictures taken. A lot rents Weekend you see the mascot on it. And I can guarantee this weekend it'll be happening. Kinnaird, owner of Marty's, 10th Street and Grant Avenue. Students don't need any special gear to ride the Panther. That is especially true from Peoria.

"I've ridden it three or four times. It depends on the evening and what I'm wearing. I like to ride it side saddle," she said while enjoying lunch with friends in the Panther Patio, the outside dining area added to Marty's three years ago.

After some coaxing, Gray and Emily Martin of Bourbonnais, another past Panther rider, convinced their friend Sam Quero to take her first Panther ride.

After a few awkward moments due to the sun-baked bronze surface, Quero got into the groove with the coolest cat on campus. She was assisted by veteran rider Gray, and Martin took photographs.

"I was nervous but it needed to be done!" said Quero, who hails from Palos Heights, where panther sightings on the city streets are rare.

Over the years, the Panther, first acquired by Marty's in 1973, has endured good-natured pranks. For many years, it received a thin coat of green paint on St. Patrick's Day. There was also a streak of lavender added to the big cat by some sneaky sorority members.

"We were able to tell when people were leaving their special signature on it," Kinnaird said. Gray said she thinks that is now uncool.

"I think people respect the Panther more these days," she said.

The Panther showed its mortality in 1986 when a traffic accident flattened the original cement casted version of the landmark. That produced one of the strangest remarks ever uttered in Marty's, Kinnaird said.

"Some surveyors from southern Illinois were in town helping with the widening of a city street. And one time, they came in and said, 'We're sorry but we just ran over your panther!'"

That led to the resurrection of the Panther at Marty's with the help of wildlife sculptor Jim Hoker, who is associated with Ducks Unlimited. He created today's bronze panther statue facing to the northeast.

"We had a big celebration saying 'The Panther's Back.' We had people from the athletic department here. And it was covered in the student newspaper, too. It was a big deal," Kinnaird recalled.

The Panther went missing from the sidewalk again a few years ago when Marty's was completing a redesign with its outdoor venue. It was placed temporarily inside near the east end of the bar.

"I told people the Panther was in hibernation but it'll be back outside soon," Kinnaird said.

The redesign of Marty's now makes the statue draw more attention at the corner where customers sit behind clear plastic dividers by the intersection just west of Eastern's campus.

No doubt some of the more adventuresome Marty's patrons, whether students or their parents or even grandparents, ponder what it would be like to saddle up on the back of the Panther.

And new technology has spread the results through cyberspace. For a ride going nowhere, the images are going everywhere.

"You see a lot of pictures of people riding it on Facebook," said Adam Simpson, an Eastern student from Lake Zurich and Marty's employee readying for graduation Saturday. "You see at least five people on it at a time. Everyone enjoys it."

He thinks the Panther is appreciated because it maintains a tradition of Eastern's nightlife.

"I'm glad it has stuck around because so many things come and go. Things have changed here at Marty's but not the Panther."

Man finds hobby in hydroponics

What do the King and James O'Donnell of Iowa? Growing hydroponics. The hobby, which is a science and art of growing plants without soil, has become a passion for O'Donnell. He has built a hydroponic system in his Peoria home, growing a variety of plants including tomatoes, peppers, and herbs. He has also built a hydroponic system in his Peoria home, growing a variety of plants including tomatoes, peppers, and herbs. He has also built a hydroponic system in his Peoria home, growing a variety of plants including tomatoes, peppers, and herbs.

Schmidgall joked one recent morning as he opened his small business, Gro Up, off Fifth Street in downtown Peoria. Once or twice city police officers have visited, he said, perhaps out of curiosity. Schmidgall, after all, has since late September been selling hydroponic equipment that can be used for growing marijuana indoors as well as tomatoes.

"Anything you can grow in soil you can grow in water," and indoors with the proper lighting, he said. Gro Up, however, is not a horticultural head shop, and O'Donnell's kitchen is not home to a forbidden garden. Nor is he, in the derogatory way many have come to use the term, a hippie.

"Whenever I tell people I'm growing hydroponics, that subject comes up" about secret marijuana plants, he said. Well, not everyone he discusses the simple but highly effective growing machine he's created from his own designs holds that suspicion.

His fellow engineers and professors he keeps in contact with know differently. O'Donnell started his first hydroponically-produced crops of cherry tomatoes while he was completing his master's degree studies in electrical engineering at Bradley University about two years ago. He returns to his hobby each day after finishing work at the SCADAware facility in Bloomington, where he helps develop industrial controls for water treatment plants.

He holds that background in common with Schmidgall, 30, a Peoria native who spent 15 years in Colorado after graduating with a bachelor's degree in electronics systems technology from Southern Illinois University in Carbondale. O'Donnell often

visits, and occasionally helps Schmidgall out in the Gro Up store. For both, hydroponics combines the entertainment of an engaging hobby with a lifestyle pursuit that caters to eating healthy and living in balance. It can be a bit of a challenge, Schmidgall said.

"The more you do it, the more you become a scientist," Schmidgall said. His store, where chores are shared by his wife Brooke and other family members the couple returned to Peoria to be near, carries all the needs for a hydroponist.

Schmidgall described four different hydroponic systems. "But I think the best one is DWC — deep water culture. I think it's the easiest," he said.

Breaking it down for dummies, "You basically need a plastic container, an air pump and an air stone," a porous rock that attaches at the end of a tube and breaks up air pumped into water in the container into small bubbles, he said. That provides oxygen for the roots of plants that dangle in the water from holding containers placed above the water.

"Without that (air), your plant will basically drown because it's not getting any oxygen," Schmidgall said.

"Water is your soil, your medium" for transferring what a plant needs to its roots, he said. "All you need to supply is oxygen to the water — and minerals. That goes without saying."

Schmidgall talked of "macro nutrients — phosphorus, potassium, nitrogen. You must add them.

Where the art comes in is knowing how much of each to add for (the correct) balance and when.

berated in a series aired by a Catholic broadcast network.

Last year, the Scouts angered some conservatives by accepting into a Colorado troop a 7-year-old transgender child who was born a boy but was being raised as a girl.

Some of the concerns raised by Catholic critics are recycled complaints that have been denied by the Girl Scouts' head office repeatedly and categorically. It says it has no partnership with Planned Parenthood, and does not take positions on sexuality, birth control and abortion.

In other instances, the scouts have modified materials that draw complaints — for example, dropping some references to playwright Josefine Lopez because one of her plays, "Simply Maria," was viewed by

— that it has become such an ideological target, with the girls sometimes caught in the political crossfire.

With the bishops now getting involved, the stakes are high. The Girl Scouts estimate that one-fourth of their 2.3 million youth members are Catholic, and any significant exodus would be a blow given that membership already is down from a peak of more than 3 million several decades ago.

The inquiry coincides with a broader effort by the bishops to analyze church ties with outside groups. Rhoades' committee plans to consult with Girl Scouts leaders and with the National Federation for Catholic Youth Ministry, which has been hinting with the Scouts for two years about various complaints.

Pollution Variance

Ameren Energy Resources with sources located in Montgomery County, Fulton County, Peoria County, Massac County, Crawford County, Morgan County, and Jasper County has filed with the Illinois Pollution Control Board ("Board") a petition for variance under Title IX of the Environmental Protection Act ("Act") [415 ILCS 5/35-38]. The Board has the authority pursuant to Section 35 of the Act [415 ILCS 5/35] and 35 Ill. Adm. Code 104 to grant a variance. Ameren Energy Resources requests a variance from both the 2015 and 2017 sulfur dioxide emission rate provisions of the Illinois Multi-Pollutant Standard, 35 Ill. Adm. Code 225.233, specifically the sulfur dioxide emission standards set forth in Section 225.233(e)(3)(C)(iii) and (iv). Ameren Energy Resources seeks relief from Section 225.233(a)(3)(C)(iii) for five years beginning January 1, 2015, and ending December 31, 2019, and relief from Section 225.233(e)(3)(C)(iv) for four years, beginning January 1, 2017, and ending December 31, 2020. A copy of this variance petition may be obtained through the Clerk's Office at the Board. The Board's office address is Illinois Pollution Control Board, James R. Thompson Center, 100 West Randolph Street, Suite 11-500, Chicago, Illinois 60601 (telephone: 312/814-3620).

The Illinois Environmental Protection Agency ("Illinois EPA") solicits the views of persons who may be affected by the variance. Address any comments or inquiries to: Gina Roccaforte, Assistant Counsel, Division of Legal Counsel, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, Post Office Box 19276, Springfield, Illinois 62794-9276, telephone: 217/782-5544.

The Illinois EPA is preparing a recommendation, and, unless otherwise ordered by the hearing officer or Board, plans to file the recommendation on or before June 18, 2012. The record will remain open for written comments for 45 days after the filing of the recommendation and should be submitted to the Board at the address specified above. The record is available at the Board office for inspection, except those portions that are protected from disclosure under 35 Ill. Adm. Code 130. Procedures are available whereby disclosure may be sought by the public.

A hearing may be held after the filing of the recommendation. However, if a written objection to the Board office, no later than twenty-one (21) days from the publication of this Notice, the Board must conduct a hearing on the petition.

Manar Will Be Guest Speaker At AFSCME Meeting

Retiree members of AFSCME Sub-Chapter 87 are invited to attend the monthly meeting to be held at 1 p.m. on Tuesday, May 15, at the Montgomery County Senior Center in Taylor Springs.

Andy Manar of Bunker Hill is scheduled to be the guest speaker. He is currently running for the state senate for the 48th District and will be available to discuss his positions and respond to questions regarding retiree and senior issues.

Also scheduled to speak is Wendy White-Mitter from St. John's Hospital, who will address health issues related to seniors.

David Spinner, president of AFSCME Sub-Chapter 87, will also discuss tentative plans for a rally that is planned for the State Capitol on Wednesday, May 16. All members are encouraged to attend.

Staff enjoyed a fun-filled week of Retiree Living Week, including a Mexican feast, are receptionist Keri Mitchell, service coordinator Gail McCoy, and resident Mary Williams.

And Residents Retiree Living Week

Residents.

PUBLIC NOTICE

IN THE CIRCUIT COURT OF THE FOURTH JUDICIAL CIRCUIT, MONTGOMERY COUNTY, ILLINOIS
FIRST COLLINSVILLE BANK, Plaintiff,
v.
Case No. 12-CH-23
LEE G. SORENSON a/k/a LEE SORENSON, MARY C. SORENSON a/k/a MARY SORENSON, Unknown Owners and Nonrecord Claimants, Defendants.
NOTICE OF FORECLOSURE PROCEEDING
NOTICE is hereby given to UNKNOWN OWNERS and NONRECORD CLAIMANTS of the real estate described below, Defendants in the above-entitled case, pursuant to the provisions of 735 ILCS 5/2-206, 2-207, 2-413 and 15-1502, that the above-entitled mortgage foreclosure suit is now pending in said court and the day on or after which a default may be entered against said Defendants is 6/11/12.
The Plaintiff has certified the following regarding said foreclosure action filed April 23, 2012:
A. Plaintiff is FIRST COLLINSVILLE BANK and the case number is 12-CH-23.
B. Plaintiff brought said action in the Circuit Court, Fourth Judicial Circuit, Montgomery County, Illinois.
C. The titleholder of record on the real estate is LEE G. SORENSON and MARY C. SORENSON.
D. The legal description of the real estate which is the subject of the Complaint for Foreclosure is as follows:
a. Legal description of mortgaged premises is:
Part of the Southwest Quarter of Section 19, Township 7 North, Range 5 West of the Third Principal Meridian, Montgomery County, State of Illinois and more particularly described as follows: Beginning at a point located South 89 degrees 55 minutes West a distance of 819.20 feet from the center of said Section; thence South 0 degree 25 minutes East a distance of 495.00 feet; thence South 55 degrees 25 minutes East a distance of 118.70 feet; thence South 0 degree 52 minutes West a distance of 523.00 feet; thence South 51 degrees 43 minutes East a distance of 483.00 feet; thence South 85 degrees 11 minutes West a distance of 151.00 feet; thence North 0 degree 29 minutes East a distance of 830.00 feet; thence North 89 degrees 51 minutes East a distance of 408.00 feet; thence North 0 degree 25 minutes East a distance of 482.00 feet; thence North 89 degrees 55 minutes East a distance of 78.00 feet to the point of beginning, containing acres, more or less.
Sited in the County of Montgomery, State of Illinois.
Permanent Parcel No. 19-300-007
E. The common address or description of the location of the real estate that is the subject of the Complaint for Foreclosure is 132 Prange Avenue, Waterfall, IL 62091.
F. An identification of the Mortgage sought to be foreclosed in the Complaint for Foreclosure is as follows:
