

Dear Illinois Pollution Control Board,

1085

OBJECT to Ameren's Petition for a Variance, Docket No. PCB 2012-126. ,
Ameren cut a deal with the State of Illinois six years ago in the State's Mercury
and Clean Air Interstate Rulemakings. Despite getting the benefit of that deal and
many extra years to meet stringent mercury limits, **Ameren now doesn't want
to keep its promises under that deal.**

Citizens of Illinois should not have to suffer from years of extra pollution so that
Ameren can continue to run old, dirty coal plants without modern pollution
controls. Tell Ameren, "No variance!" Ameren needs to uphold its end of the
bargain.

Sincerely,

Dear Illinois Pollution Control Board,

1121

I **OBJECT** to Ameren's Petition for a Variance, Docket No. PCB 2012-126. ,
Ameren cut a deal with the State of Illinois six years ago in the State's Mercury
and Clean Air Interstate Rulemakings. Despite getting the benefit of that deal and
many extra years to meet stringent mercury limits, **Ameren now doesn't want
to keep its promises under that deal.**

Citizens of Illinois should not have to suffer from years of extra pollution so that
Ameren can continue to run old, dirty coal plants without modern pollution
controls. Tell Ameren, "No variance!" Ameren needs to uphold its end of the
bargain.

Sincerely, *Christine Bohlmann*
