Dear Michelle M. Ryan

You have know idea what I am going thru, my wife has been in and out of the hospital so many times she has both legs cut off. Her bowel movement is always running. She had a stroke on her left side. She can't use her left arm. She also had a heart attack, her lungs and around her heart fill up with fluid. The doctor sends her to the hospital to have this removed. Medicare will not let her stay in the nursing home. She can only stay until she feels good enough to come home. This is when I must take care of her. This summer was hot. I had a heart attack. this is why I didnt get the property cleaned up. I could not have any one do this because they don't know what I need to keep for repairs. I told Donna Shehane over the phone I would have it cleaned. I never got to walk thru with Donna Shehane, some one else did

trouble started. I never did get to show Donna what I was doing -

I could not send some one there to clean up. they would ~~not~~ know what I needed for repairs.

I will get it cleaned up and have Donna Shehane check it out. I just need time.

yours truly
Frank Lemchick
