ORDER OF THE BOARD (by D. Glosser):

On April 24, 2009, Amerenue and Raccoon Creek Power Plant (Amerenue) timely filed a petition (Pet.) asking the Board to review a March 20, 2009, determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/40.2(a) (2006); 35 Ill. Adm. Code 101.300(b), 105.302(e). The Agency's determination concerns Amerenue's combustion turbines at Raccoon Creek Power Plant, which is an electric generating station located at 676 Cypress Drive, Flora, Clay County. On October 11, 2012, Amerenue¹ filed a motion to dismiss this appeal. The motion indicates that a revised permit was issued and Amerenue no longer seeks to appeal this permit decision. The motion is hereby granted and the docket is closed.

IT IS SO ORDERED.

I, John Therriault, Assistant Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on October 18, 2012, by a vote of 4-0.

John T. Therriault, Assistant Clerk
Illinois Pollution Control Board

¹ The Board notes that the caption on the motion to dismiss indicated the parties name as "Ameren Generating Company and Raccoon Creek Power Plant"; however, the case when appealed was captioned "Amerenue and Raccoon Creek Power Plant". The Board retains the caption as the case was originally appealed.
